SIR,

I.—Statement showing the constitution of the Local Boards.
II.— Do. the income of do.
III.— Do. the expenditure of do.
IV.— Do. the details of works for the improvement of sanitation.

I have the honour to submit the annual report on the administration of the Local Funds in this Division for the year 1891-92, and to append statements noted in the margin.

Ahmedabad Collector's No. 324, dated 16th July 1892.
Kaira Collector's No. 272, dated 14th July 1892.
Panch Maháls Collector's No. L. F. M., 215. dated 20th July 1892.
Broach Collector's No. 161, dated 29th July 1892.
Surat Collector's No. 572, dated 19th July 1892.
Thána Collector's No. 4046, dated 26th July 1892.

2. The reports, as per margin, of the Collectors and Presidents are also appended in original, together with the statistical returns in the prescribed forms.

3. The area and population shown in Statement No. I are according to the Imperial census of February 1891.

4. The number of Táluka Local Boards has decreased by 1 owing to the transfer of the Karjat Táluka to the Southern Division during the year under report. The District Boards are presided over by the Collectors of the respective districts and the Táluka Boards by the Assistant or Deputy Collectors in charge of the tálukas. The following changes have occurred in the number of members :—

(1) 4 members have been added to the Táluka Local Board of Dhandhuka, 2 to that of Viramgám, 6 to that of A'nand and 2 each to those of Nadiád and Borsad, in consequence of the establishment of new Municipalities in the towns of Ránpur, Dholera, Mándal, Ánand, Od, Umreth, Mahudha and Borsad; and

(2) There was a decrease of 15 members in the Táluka Local Board of Karjat and of 2 in the District Local Board of Thána, owing to the transfer of the Karjat Táluka to the Kolába District

Of the total number of members, 11 are *ex-officio*, 390 nominated and 327 elected. The elective franchise has not been conferred on the Boards of the Panch Maháls District owing to its backward condition. The number of official and non-official members was 183 and 545 respectively against 194 and 535 last year.

5. 257 meetings were held during the year against 252 in the preceding year. The following table shows the number of meetings held in each district, the number of official and non-official members, and the average attendance :—

District.	Number of meetings.	Members.			Average Attendance of		
		Officials.	Non-officials.	Total.	Officials.	Non-officials.	Total.
Ahmedabad ...	55	60	93	153	3·5	3·5	7·
Kaira	39	33	111	144	2·4	8·2	10·6
Panch Mahâls ...	8	11	21	32	2·	3·5	5·5
Broach	33	18	78	96	1·8	5·7	7·5
Surat	75	33	102	135	2·1	5·6	7·7
Thâna	47	28	140	168	1·7	8·1	9·8
Total ...	257	183	545	728	2·3	5·9	8·2

6. The average attendance shows an improvement in Ahmedabad, Surat and Thâna. In Broach it has fallen, while in Kaira and Panch Mahâls it is almost the same as last year. In Kaira, however, the average attendance is the highest of all districts in this Division.

7. Of the District Local Boards, Kaira and Thâna held the largest number of meetings, *viz.* 4, while in the Panch Mahâls and Surat the Boards found it necessary to meet only twice during the year, and in Broach and Ahmedabad the Boards held three meetings each. The Táluka Local Boards appear to meet as often as it is found necessary for the transaction of business : one Board held as many as 14 meetings, while another met only once, but these are exceptional instances.

Statement II.

8. The total income of the several Local Boards amounted to Rs. 12,92,169-0-2 against Rs. 11,99,363-5-2, showing an increase of Rs. 92,805-11-0. Adding to the total income the balance of Rs. 7,86,152-4-1 at the commencement of the year, the sum available for expenditure during the year was Rs. 20,78,321-4-3 against Rs. 18,87,079-6-3 last year.

9. The principal items of income are shown in the following table :—

Heads.	1891-92.	1890-91
	Rs. a. p.	Rs. a. p.
I.—Land Revenue	5,783 0 5	2,810 1 3

Miscellaneous	2,236 15 2	1,903 14 0
Cattle-pound Fees	19,313 2 3	15,033 1 10
Debt	1,495 3 0	21,448 11 7

I.—Land Revenue.—The receipts under this head are on account of sale-proceeds of trees, grass, &c., and the increase of Rs. 2,973 does not call for remark, the items being of a fluctuating nature.

VI.—Provincial Rates.—This item, which constitutes the principal source of income of the Local Boards, is derived from the net proceeds of the one-anna cess levied under the Bombay Local Funds Acts of 1869 and 1884, and contributes 57·3 per cent. of the total income. The total realizations amounted to Rs. 7,41,485-7-4 as compared with Rs. 7,42,321-12-6 in the preceding year.

The following table shows the proportion of the income derived from this source in the several districts of this Division and its incidence per head of population :—

District.	Total Income.	Revenue derived from One-anna Cess.	Percentage of column 3 to column 2.	Incidence of One-anna Cess per head of Population.
1	2	3	4	5
	Rs. a. p.	Rs. a. p.		Rs. a. p.
Ahmedabad	2,21,780 12 2	1,47,543 6 1	66·5	0 2 6
Kaira	2,89,478 10 4	1,69,829 8 9	58·6	0 3 1
Panch Mahâls ...	78,187 7 4	28,244 11 10	36·1	0 1 5

Surat	2,77,147 5 6	1,64,956 4 11	59·5	0 4 0
Thâna	2,13,515 4 7	70,539 2 1	33·	0 1 4

XIX.—Education.—The receipts under this head amounted to Rs. 32,250-8-10 against Rs. 33,690-13-5 last year. The decrease is due partly to the transfer of the Karjat Táluka to the Southern Division and partly to the falling off in miscellaneous receipts. The receipts under this head are made up of the following items:—

	Rs.	a.	p.
School fees	30,372	0	0
Contributions towards the maintenance of schools ...	1,094	7	2
Miscellaneous receipts, being sale-proceeds of books, waste paper, unserviceable dead stock, &c.	784	1	8

XXXII.—Civil Works.—The receipts under this head have increased from Rs. 56,236-11-11 to Rs. 2,09,746-14-6 owing chiefly to the inclusion therein, during the year, of the receipts of road tolls, which were credited last year to the head "Contributions."

Contributions.—There has been a large falling off under this head principally due to the cause specified above, the figures being Rs. 2,72,043-4-8 against Rs. 3,18,255-9-10 during the preceding year. The items of which the total amount is made up are as follows:—

(1) Land and quarry fees.
(2) Provincial contributions towards
  (*a*) Maintenance of schools,
  (*b*) Construction of school buildings,
  (*c*) Construction of roads,
  (*d*) Improvement of water-supply, and
(3) Contribution in lieu of one-anna cess on excise revenue.

Miscellaneous.—The revenue under this head amounted to Rs. 2,236-15-2 as contrasted with Rs. 1,903-14-0 last year. Of the total amount Rs. 1,383-14-4 were on account of staging bungalow and serai fees and the remaining amount on account of (1) sale-proceeds of old stores and materials and (2) other items.

Cattle-pound Fees.—The receipts under this head amounted to Rs. 19,313-2-3 as compared with Rs. 15,033-1-10 during the preceding year. The increase is due to the rates of fines having been doubled in several districts under the amended provisions of the Cattle Trespass Act.

Debts.—The receipts under this head last year were much in excess of those during the year under report, owing to a sum of Rs. 17,000 on account of the Local Board contribution towards the construction of the Ellis Bridge across the Sábarmati river at Ahmedabad having been credited last year to this head. Another reason for the decrease this year is that the practice, which obtained in previous years, of crediting recoveries of permanent advances to this head has been put a stop to, under the instructions contained in paragraph 3 of Government Resolution No. 5543, dated 7th July 1892.

10. The incidence of income per head of population in the several districts of this Division is as under:—

	Rs.	a.	p.
Ahmedabad	0	4	10
Kaira	0	5	4
Panch Mahâls	0	3	11
Broach	0	9	11
Surat	0	6	9
Thâna	0	4	2

STATEMENT III.

11. The total expenditure during the year amounted to Rs. 11,85,317-10-9 as compared with Rs. 11,01,407-3-10 in the previous year. The following table shows the principal items of expenditure during the year as compared with last year :—

Administration.—The expenditure under this head has fallen from Rs. 43,468-2-2 to Rs. 31,713-12-0 during the year under report, and includes charges on account of establishments entertained by the several Local Boards under Section 38 of the Act, as also the pay and allowances of clerks employed on Local Fund work in the offices of the Divisional Commissioner, the Collectors, the Accountant General and the Educational Inspectors.

The charges incurred on the first-mentioned establishments amounted to Rs. 4,659-7-1 during the year as compared with Rs. 16,767-6-8 during the preceding year, and those incurred on the Government offices above referred to amounted to Rs. 24,925-9-3 against Rs. 24,898-13-11. The decrease of expenditure on the former is due to the pay of the overseers entertained by the Local Boards which was debited to this head last year having been debited to "45. Civil Works in charge of Civil Officers" during the year under report.

Education.—The following are the details of the expenditure under this head :—

	1891-92. Rs. a. p.	1890-91. Rs. a. p.
Middle class schools	555 0 0	541 5 4
Primary schools	3,36,531 9 3	3,23,887 4 9

Scholarships	9,734 14 3	7,093 14 6
Miscellaneous and Refunds ...	107 6 10	139 4 7

Medical.—The charges under this head consist of the following items :—

	1891-92. Rs. a. p.	1890-91. Rs. a. p.
Grants to hospitals and dispensaries.	26,258 1 0	27,664 14 2

Sanitation charges	365 3 4	866 12 3
Medical schools charges	240 0 0	240 0 0

Stationery and Printing.—The expenditure under this head includes charges for stationery purchased for office use and printing forms, &c. The total amount expended during the year is Rs. 4,700-14-7 against Rs. 2,570-14-6 last year. The increase is due to larger expenditure having been incurred in printing forms in connection with the last triennial elections.

Scientific and other Minor Departments.—The following are the details of expenditure incurred under this head :—

	Rs.	a.	p.
Contributions to Exhibitions and Fairs	1,000	0	0
Veterinary charges	274	3	8
Bull and Stallion charges	1,461	12	8
Provincial statistics	1,880	8	5

The expenditure has fallen under all the heads except the first, the charges under which remain at the same figure as last year.

Miscellaneous.—Charges on account of dharamshála and staging bungalow establishments, petty establishments maintained by Local Boards, and contributions to Municipalities under Section 47 of the Local Boards Act are entered under this head.

Civil Works.—The total expenditure under this head amounted to Rs. 6,92,555-0-2 as compared with Rs. 5,85,087-3-7 in the preceding year, showing an increase of Rs. 1,07,467-12-7. The charges represent 58·4 per cent. of the total expenditure during the year. The principal items comprised in this head are detailed below :—

Grand Total ...	6,92,555 0 2	5,85,087 3 7	1,22,697 5 6	15,229 8 11

From the above table it will be seen that Rs. 4,17,181-11-0 or 35 per cent. of the total expenditure were spent during the year on construction and maintenance of roads against Rs. 3,50,738-11-1 last year, or an increase of Rs. 66,442-15-11.

Under the head "Water-supply and Water-works" the expenditure amounts to Rs. 1,57,640-1-8 or 13 per cent. of the total expenditure against Rs. 1,46,709-11-6 in the year preceding, or an increase of Rs. 10,930-6-2. The increase is due to the special action taken by the several Local Boards in connection with the improvement of water-supply, in consequence of the acceptance of the grant offered by Government under Government Circular No. 424, dated 31st January 1891.

The expenditure under the head civil buildings is made up of charges incurred in the construction and repairs of school-houses, dharamshálas, staging bungalows and dispensaries in charge of Local Boards.

The following table shows the expenditure incurred in each district by the Public Works and Civil Agency on communications :—

District.	Public Works Agency.		Civil Agency.	
	Original Works.	Repairs.	Original Works.	Repairs.
	Rs.	Rs.	Rs.	Rs.
Ahmedabad	10,238	28,811	1,206	16,846
Kaira	44,157	38,967	6,857	5,907
Panch Mahâls	7,632	15,752	.....	1,071
Broach	9,494	22,075	384	9,149
Surat	6,593	30,421	6,061	29,042
Thána	51,205	65,783	873	8,655

It will be seen that the majority of the works has been executed by the Public Works Agency in all the districts of the Division, including Surat, where, as remarked last year, the tendency was to confine expenditure to Civil Agency, but in Ahmedabad and Surat the tendency still exists to a greater extent than in other districts.

Contributions.—The expenditure under this head amounted to Rs. 300 as compared with Rs. 18,824 last year. The large decrease is due to a sum of Rs. 17,000 having been contributed last year by the Local Board, Ahmedabad, towards the construction of the Ellis Bridge.

Debt.—The amount under this head is made up of the instalment of the Hope Bridge Loan paid by the District Local Board, Surat, and contractors' deposits.

Interest on Debt.—This item represents the amount of interest paid by the Local Boards of Ahmedabad and Surat on the balance of loans advanced to them.

Balance.—The year opened with a balance of Rs. 7,86,152-4-1 and closed with a balance of Rs. 8,93,003-9-6, or an increase of Rs. 1,06,851-5-5. The Local Boards are required to maintain a sufficiently large balance to prevent their overdrawing their account with the Government Treasury.

Statement IV.

15. The following is a brief abstract of the expenditure in the several districts on village sanitation :—

District.	Improvement of water-supply.	Improvement of village-sites, &c.	Conservancy of towns and villages.	Sanitary arrangements at fairs and festivals.	Other objects calculated to promote the safety, health, comfort and convenience of rural population.
	Rs. a. p.	Rs. a. p.

Thâna	21,877 3 9	.....	.....	...	.....
Total ...	1,57,357 5 2	43 14 3	.....	...	.....

Out of the total expenditure of Rs. 1,57,357-5-2 on water-supply, Rs. 8,074-8-4 were spent on the construction of new tanks—2 in Ahmedabad, 2 in Panch Mahâls, 12 in Broach and 6 in Surat, while Rs. 69,243-5-5 were expended on 230 new wells and 7 troughs, as detailed below:—

	Wells.	Troughs.	Expenditure. Rs.
Ahmedabad	17	7	5,791
Kaira	41	...	16,122
Panch Mahâls	15	...	4,880
Broach	30	...	12,403
Surat	55	...	13,879
Thâna	72	...	16,168

The expenditure on improving the existing sources of water-supply amounted to Rs. 80,039-7-5 against Rs. 63,898-7-9 last year. The amounts expended in the several districts are as under:—

	Rs.
Ahmedabad	12,203
Kaira	25,685
Panch Mahâls	4,428
Broach	11,684
Surat	20,129
Thâna	5,710

A sum of Rs. 43-14-3 was expended in the Kaira District on the improvement of village-sites.

It will be seen that only in the Kaira District was a small sum expended on the improvement of village-sites, &c., and that no expenditure has been incurred in any district on the conservancy of towns and villages; but it must not be supposed that nothing has been done to improve the sanitation of villages. From the Collector's Administration Reports, which are now passing through my office, I observe that a good deal of attention has been paid almost everywhere to the destruction of prickly-pear and to seeing that manure heaps are removed outside village sites and away from the vicinity of wells and tanks. The sources of water-supply have also been inspected, and steps have been taken to remove any causes of pollution. Much, therefore, has been done through the agency of the villagers themselves, and no expenditure from Local Funds has been found absolutely necessary as yet; but, now that proposals have been submitted for the application of the Village Sanitation Act to some of the largest villages in each district, the Local Boards will necessarily have to contribute to the more extensive measures which will be adopted in such villages.

As required by Government Resolution No. 779, dated 30th January 1890, I beg to submit herewith the notes* of the several Executive Engineers in this Division showing the original cost, mileage and present condition of the Local Fund roads in their charges.

I have the honour to be,

Sir,

Your most obedient Servant,

J. K. SPENCE,

Commissoner, N. D.

FROM

G. B. REID, ESQ., C.S.,
Acting Commissioner, C. D.;

To

THE CHIEF SECRETARY TO GOVERNMENT,
Revenue Department.

Poona, 31st August 1892.

SIR,

I have the honour to submit the following report on the Administration of the Local Boards in the Central Division for the year 1891-92.

2. The usual statistical statements I to IV to accompany the report have been forwarded to the Compiler of the General Administration Report.

STATEMENT I.

3. It will be seen that the population of the Division shows a considerable increase as compared with the preceding year. The increase is, however, more nominal than real; because in the current year's statement the population is given according to the census of 1891, whereas in the statements of previous years the census of 1881 was taken as the basis in the computation of population. The total number of members of the several Boards in the Division has increased by 11. The total number of meetings has risen from 377 in 1890-91 to 447 in the year under review. This is satisfactory.

4. Compared with the preceding year, the figures of average attendance at meetings in the Ahmednagar District, taken as a whole, do not call for any remark. Writing on this subject, the Collector, Mr. Ebden, observes:—

"The non-official and elected members of the District Board, (especially the latter) seldom, if ever, attend a meeting, and this is one of the chief causes why the attendance at its meetings shows a decrease."

5. As regards Khándesh, the average attendance of officials has considerably deteriorated, but this deterioration is more than counterbalanced by an improvement in the average attendance of non-officials, the total average attendance for the year being 9·34 against 8·89 for the preceding year. In this connection Mr. Silcock writes :—

"On the whole, there is a slight improvement this year in the meetings and attendance, and in time, no doubt, the non-official members will begin to take a livelier interest than they have hitherto done in the administration of their tálukas."

6. In Násik, the average attendance of non-officials shows a decided improvement, but in Poona it is almost stationary, and the improvement observable in the total average attendance in the latter district is due to the greater interest evinced by the official members. The attendance of the non-official members of the Khed and Sirúr Táluka Local Boards was particularly inadequate.

7. The figures for the Sátára District call for no remark, except that the attendance of the non-official members of the Koregaon Táluka Board was unsatisfactory during the year. In the Sholápur District, the improvement noticeable in the total average attendance is due to the greater regularity shown by the non-official members generally.

8. The figures for the whole Division indicate a slight improvement in the total average attendance, due to the somewhat greater interest displayed by the non-official members generally, which is satisfactory.

STATEMENT II.

9 The total income of the year, excluding the opening balance, for the whole Division was Rs. 14,32,382-0-4, and that including the opening balance

was Rs. 22,06,538-5-6. The corresponding figures of the previous year were Rs. 13,16,035-6-0 and Rs. 20,10,324-4-5 respectively. The subjoined table furnishes the receipts under various heads:—

10. There is a slight difference between the amounts of opening balance of the Násik and Sholápur districts in this statement and those of closing balance of the same districts shown in Statement III of the last year. In explanation of the discrepancy, Mr. Winter, the Collector of Násik, writes as under:—

"The difference between the closing balance of the last year and the opening balance shown in this statement is due to adjustments made by the Accountant General subsequent to the submission of the report for 1890-91. The accounts are not finally closed in the Accountant-General's office till September, and as the report is required two months earlier, it is impossible to avoid such differences."

And the Collector of Sholápur, Mr. Snow, states:—

"The difference in the closing balance shown last year and that entered in this return is due—(1) to the addition to the balance of Rs. 320 on account of the permanent advance, Rs. 20, against the District Board and Rs. 300 against the Táluka Local Board of Sholápur, by deducting the same from the head 'Debt' on the expenditure side; and (2) to the deduction of Rs. 35-7-4 from the balance owing to the excess credit given by the Provincial side on account of ferry tolls, as per Accountant-General's letter, No. $\frac{L\ F}{17726}$, dated 2nd September 1891. These corrections were effected in the accounts for 1890-91 subsequent to the submission of the report when the accounts for that year were finally closed in the Accountant-General's office."

STATEMENT IV.

25. The subjoined table shows the total expenditure incurred, in the several districts of the Division, under various heads, on the improvement of sanitation:—

Districts.	Improvement of water-supply.	Improvement of village-sites.	Conservancy of towns and villages.	Other objects calculated to promote the safety, &c., of rural population.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Total ..	1,21,259 3 2	373 11 6	112 14 5	368 12 1

26. This year again the amount spent on the improvement of water-supply in all the districts of the Division considerably exceeds that expended during the previous year. This is as it should be. It indicates that the Boards are alive to their sense of duty in attending to one of the most urgent wants of the public. The expenditure incurred on other matters of sanitation is still trifling, but it is hoped that, as the principles of self-government are better understood by the Boards, more attention will be paid to this all-important subject. In this connection, Mr. Silcock, the Collector of Khándesh, writes as follows:—

"The instructions of Government contained in their Resolution No. 5543 (Revenue Department), dated 7th July 1892, in connection with the improvement of the sanitary condition of villages have been communicated to the Local Boards, and it is hoped that the subject will receive careful and particular attention during the current year. So far there appears to be no special expenditure incurred in connection with the eradication of prickly-pear and such like undertakings in the direction of the improvement of village-sites within Local Board areas, but the subject will not be lost sight of."

27. As usual, I append to this report communications received from the Executive Engineers in this Division, supplying details of the original cost, mileage and present condition of the Local Fund roads in their respective districts.

28. On the whole, the administration of the Local Boards generally in the several Districts of this Division may be regarded as fairly satisfactory. With a gradual, but steady, increase in the receipts of the Boards, there has been a corresponding increase in their expenditure, which fact indicates that the Boards are doing their best to meet the wants of people in the areas over which their jurisdiction extends.

29. I have much pleasure in endorsing the commendations bestowed on Messrs. Mirikar and Takalkar, vice-presidents of the District Local Boards of Nagar and Násik respectively, by the Collectors of those districts for their excellent work during the year of report.

I have the honour to be,
Sir,
Your most obedient Servant,
G. B. REID,

No. 3364 of 1892.

From

J. F. FLEET, Esquire, C.I.E.,
Acting Commissioner, S. D.;

To

The CHIEF SECRETARY to GOVERNMENT,
Revenue Department.

Belgaum, 13th October 1892.

Sir,

I have the honour to submit the Annual Report on the Administration of the Local Boards in the Southern Division for the year 1891-92.

Statement I.

2. The number of Local Boards has increased by one, owing to the transfer, from November 1891, of the Karjat Táluka from the Thána District in the Northern Division to the Kolába District in this Division. To the same cause, chiefly, is due the increase in the area and population subject to the authority of the Boards. The area of the Boards in the Kanara District, as now given, differs somewhat from that entered last year; because correct figures, taken from the jamábandi report, have now been given. The population entered is according to the general census of 1891.

3. As compared with 1890-91, the number of members serving on the Local Boards shows an increase of 26, chiefly due to the addition of the Karjat Táluka to the Kolába District. The changes effected in the constitution of the Boards during the year are as follows:—Two members were added to the District Local Board of Kolába, in consequence of the transfer of the Karjat Táluka; two to the Táluka Local Board of Honávar, in consequence of the establishment of municipalities in the towns of Honávar and Bhatkal; two to each of the Táluka Local Boards of Navalgund and Ron, in consequence of the establishment of municipalities in the towns of Annigeri and Ron; and two to the Táluka Local Board of Ránebennur, owing to the increase of population in the Byádgi Municipality to more than 5,000.

4. The dates on which the second triennial term of the Boards in each district expired, and the dates to which they were extended under Act I. of 1888 on account of the census operations and other causes, are given below:—

District.	Date on which the triennial term expired.	Date to which the term was extended.
Belgaum	... 30th April 1891.	31st October 1891.
Bijápur...	... 15th June 1891.	15th October 1891.
Dhárwár	... 31st May 1891.	15th November 1891.
Kanara...	... 31st May 1891.	31st October 1891.
Kolába...	... 31st May 1891.	31st October 1891.
Ratnágiri	... 30th June 1891.	30th November 1891.

5. The third triennial elections of the Local Boards were held during the year. The elective franchise has been conferred on all the Boards, except the Táluka Boards of Honávar, Ankola, Siddápur, Sirsi, Yellápur, and Supa; from these it has been withheld, because of the backward condition of the people. The results of the elections are given in the table below:—

* The elections in Karjat were held previous to its transfer to the Kolába District; and the figures for this Táluka Board are not available.

6. In the Belgaum District, the total number of persons entitled to vote was 7,727, of whom 3,589, or 46·4 per cent. of the total number, went to the polls. The percentage was highest (64·9) in the Gokák Táluka, and smallest (37·2) in the Chikodi Táluka.

In the Bijápur District, the total number of persons entitled to vote was 5,738, of whom 3,650, or 63·5 per cent., recorded their votes. The percentage was highest (78·6) in the Indi Táluka, and lowest (45·3) in Bijápur, the head-quarters táluka.

In the Dhárwár District, out of a total number of 12,458 persons possessing the right to vote, 7,522, or 60·3 per cent., exercised the privilege. The percentage was highest (77·87) in the Kod Táluka, and lowest (49·96) in the Gadag Táluka.

In the Kanara District, out of 719 persons possessing the franchise, 311, or 43·3 per cent., exercised it. Of the two tálukas, the percentage was higher in Kárwár, the head-quarters táluka.

In the Kolába District, out of 2,988 persons entitled to vote, 1,785, or 59·7 per cent., gave votes at the polls. The percentage was highest (69·8) in Mángaon and lowest (51·1) in Pen.

In the Ratnágiri District, out of 5,482 persons entitled to vote, 1,934, or 35·2 per cent., actually exercised the privilege at the polls. The percentage was highest (43·1) in Málvan and lowest (24·9) in Vengurla.

The results are not very satisfactory for Belgaum, Kanara and Ratnágiri. And it is rather remarkable that the district percentage is highest in Bijápur, which is not usually considered one of the most enlightened and advanced among the districts of this Division.

7. The dates on which the new Boards in each district commenced their term of office are given below :—

District.	Date of commencement of the term of office.
Belgaum...	1st November 1891.
Bijápur	16th October 1891.
Dhárwár...	16th November 1891.
Kanara	1st November 1891.
Kolába	1st November 1891.
Ratnágiri	1st December 1891.

8. The number of meetings held by the several Boards shows an aggregate increase of 117, as compared with the number in the year 1890-91. All the District Boards complied with the provisions of the rule regarding the holding of half-yearly meetings. The Táluka Boards held a fair number of meetings, except that of Bijápur, which held only one during the year.

9. In Kanara the average attendance at District Local Board meetings was 50 per cent. of the number of members; in Belgaum, Bijápur, Kolába and Ratnágiri it was higher, and in Dhárwár lower than that figure. The average attendance at Táluka Local Board meetings was fairly good; except in the case of the Táluka Local Boards of Chikodi, Rájápur and Sangameshvar, where it was below one-third of the number of members. On the whole, the average attendance at meetings shows an improvement over the preceding year.

STATEMENT II.

10. The year opened with a divisional balance of Rs. 8,37,234-1-4, exclusive of Rs. 2,678-1-4 on account of the Karjat Táluka. The total income of the Boards amounted to Rs. 10,88,796-9-11, against Rs. 10,19,964-9-10 in the preceding year; thus showing an increase of Rs. 68,832-0-1. Of this increase, Rs. 4,231-13-10 are on account of the Karjat Táluka. The subjoined table exhibits the receipts under the various heads :—

		Net increase ...	68,832 0 1	

One general cause of the increase is the transfer of the Karjat Táluka to this Division. The other causes of increase or decrease under each head are given below: —

I.—Land Revenue.—The decrease of Rs. 171-3-8 needs no explanation; as the income, which consists of the sale-proceeds of trees, grass, &c., is always of a fluctuating character.

VI.—Provincial Rates.—The revenue under this head comprises the net proceeds of the one-anna cess levied under the Bombay Local Funds Act of 1869; this is the chief source of the Local Funds revenue; and, as shown in the subjoined table, it has contributed 54·8 per cent. of the total income:—

Year.	Total Income.	Net Revenue derived from One-anna Cess.	Percentage of column 3 to column 2.	Incidence of One-anna Cess per head of population.
	Rs. a. p.	Rs. a. p.		Rs. a. p.
1891-92	10,88,796 9 11	5,96,427 4 11	54·8	0 2 0
1890-91	10,19,964 9 10	5,93,925 9 6	58·2	0 2 0
	Net increase ...	2,501 11 5		

There is an aggregate increase of Rs. 2,501-11-5, chiefly due to the inclusion of the one-anna cess realised in the Karjat Táluka; but there is an appreciable decrease in the Belgaum, Bijápur and Dhárwár Districts, owing to a portion of the revenue remaining uncollected in the famine area.

XVII.—Police.—The receipts under this head (Rs. 18,769-3-11) were realised under the Cattle Trespass Act. The decrease of Rs. 3,174-9-0 is attributable to the facts that a considerable number of cattle in the three famine districts of Belgaum, Bijápur and Dhárwár died, or were sold, or were driven away for pasture elsewhere; that, as cattle were allowed to graze free of charge in forests in the affected area, there was little occasion to resort to the provisions of the Cattle Trespass Act; and that, owing to the scarcity of fodder, the sales of impounded cattle fetched small prices.

XIX.—Education.—The income under this head rose from Rs. 66,008-12-3 to Rs. 67,114-7-10. The increase chiefly occurs in the amount of school-fees. The total receipts are made up of—

(*a*) Rs. 106-8-0 on account of fees from students attending the drawing class in the Ratnágiri School of Industry.

(*b*) Rs. 383 on account of fees from scholars attending the Local Boards secondary schools in the Dhárwár District.

(*c*) Rs. 55,364-6-2 on account of fees from children attending Local Boards primary schools.

(*d*) Rs. 1,030-12-2 contributed by private persons towards the charges of Local Boards schools, or towards the purchase of furniture, books, &c., required for the schools.

(*e*) Rs. 10,229-13-6 derived from miscellaneous items, but chiefly from the sale-proceeds of articles of furniture prepared in the workshop branch of the Ratnágiri School of Industry.

XX.—Medical.—The receipts under this head increased from Rs. 478-7-9 to Rs. 673-7-9 ; of which Rs. 639-8-0 were municipal contributions towards the pay of the vaccination establishments, and Rs. 33-15-9 were of a miscellaneous nature.

XXI.—Scientific and other Minor Departments.—The receipts under this head show a falling off of Rs. 24-9-7, due to smaller realisations from the sale of the produce of the agricultural farm at Belgaum.

XXII.—Receipts in aid of Superannuation and Compassionate Allowances.—The item of Rs. 7-8-2 represents a recovery on account of pension contribution, erroneously taken from the District Board of Kanara.

XXV.—Miscellaneous.—The net increase of Rs. 89-10-9 in the receipts under this head is chiefly made up through the recovery of Rs. 1,106-14-7 out of the amount embezzled in the late Local Funds frauds in the Kolába District.

XXXII.—Civil Works.—The increase of Rs. 36,062-7-8 is mainly due to the inclusion this year, under this head, of the tolls on roads. The total receipts (Rs. 1,07,850-10-1) are made up of—

(*a*) Rs. 86,259-2-1 derived from tolls on roads and ferries.

(*b*) Rs. 526-5-6 derived from the rent of Local Boards land in the Kanara District, and of Local Boards buildings in the Kolába District.

(*c*) Rs. 69-5-0 derived from the sale-proceeds of stores and from miscellaneous items.

(*d*) Rs. 20,995-13-6 contributed by private persons, municipalities, and other bodies, towards various objects, as detailed in the following table :—

Contributions.—Notwithstanding the exclusion, from this head, of the tolls on roads, the receipts from this source amounted to Rs. 2,94,354-5-7, against Rs. 2,62,098-0-10 in 1890-91 ; showing an increase of Rs. 32,256-4-9. The increase is due partly to larger Provincial contributions for village sanitation, for the School of Industry at Ratnágiri, and for the construction of school-houses ; and partly to the credit, under this head, of the amount of Rs. 4,088-2-0 which was transferred from the Thána Local Fund to the Kolába District with the Karjat Táluka.

Provincial contributions amounted to Rs. 2,90,266-3-7; the details of this are given below:—

The amount of Provincial contribution for village sanitation and water-supply includes a special grant of Rs. 33,000 sanctioned for this Division in Government Resolution (General) No. 4208, dated the 5th December 1891.

A sum of Rs. 15,000 was contributed by Government for the Kerur-Katgeri road, which was started during the year as a famine relief work under professional agency. The other items in the above table call for no comment.

Debt.—The absence this year of any account adjustment similar to that in the preceding year explains the decrease.

Statement III.

11. The expenditure of the Boards for the year amounted to Rs. 11,62,406-11-11, against Rs. 9,72,336-8-10 in 1890-91; showing an increase of Rs. 1,90,070-3-1. Of this increase, Rs. 4,366-7-5 represent the expenditure incurred by the Táluka Local Board of Karjat. The following table displays the total expenditure incurred in the Division under the various heads:—

The causes of increase or decrease under each head are given below:—

18.—Administration.—The expenditure under this head amounted to Rs. 37,888-15-5, as detailed below—

(*a*) Rs. 12,890-3-10 and Rs. 5,066-6-8 were expended by the several Boards on the salaries of kárkúns, &c., entertained by them, and on office contingencies, respectively, against Rs. 12,544-4-9 and Rs. 3,363-13-7 in the previous year.

(*b*) Rs. 19,932-4-11 were spent during the year, against Rs. 19,700-15-0 in 1890-91, on account of establishments in Government offices of control,

viz. in the offices of the Collectors, the Educational Inspector, and the Commissioner, S. D.; these items include fees payable for the audit of Local Funds accounts by the Accountant General.

22.—*Education.*—The total expenditure under this head (Rs. 4,02,294-13-9) exceeded that of the previous year (Rs. 3,91,649-6-8) by Rs. 10,645-7-1. The details are given below:—

(*a*) The establishment charges of the Ratnágiri School of Industry, the only technical school maintained out of Local Funds in the Division, amounted to Rs. 8,843-5-8.

(*b*) The charges on account of three secondary schools maintained in the Dhárwár District amounted to Rs. 541-9-9.

(*c*) Rs. 3,40,220-14-9 were spent on the pay of teachers, servants, &c., employed in Local Boards primary schools; while the charges for the previous year amounted to Rs. 3,29,975-7-11. The increase is due to the establishment of additional schools. The Local Boards primary schools, maintained during the year, were as follows:—

26.—Scientific and other Minor Departments.—The expenditure under this head amounted to Rs. 2,791-13-3, of which the details are given below :—

(*a*) The charges on account of the agricultural farm at Belgaum amounted to Rs. 723-14-6, against Rs. 468-10-0 in the previous year.

(*b*) Rs. 250 were contributed by the District Board of Belgaum towards the agricultural horse and cattle show at Chinchli, which, however, was not held during the year, on account of the famine.

(*c*) A sum of Rs. 1,817-14-9 was spent on the upkeep of four Government stallions (one in Belgaum, one in Bijápur, and two in Dhárwár) and of four stud-bulls in Belgaum.

30.—Stationery and Printing.—The charges under this head increased from Rs. 1,979-7-1 to Rs. 4,684-1-1 ; the increase is chiefly due to the printing of forms in connection with the elections held during the year.

32.—Miscellaneous.—The expenditure under this head rose from Rs. 14,743-1-9 to Rs. 18,121-5-10 ; the details of the latter item are as follows :—

(*a*) Rs. 400 paid to the Roman Catholic Chaplain, Belgaum, towards the maintenance of two leper-homes in the town of Belgaum.

(*b*) Rs. 9,064-6-5 on account of the pay of dharmshála-keepers.

(*c*) Rs. 2,183-10-9 on account of the pay of conservancy and other petty establishments.

(*d*) Rs. 2,553-6-8 for miscellaneous and unforeseen charges.

(*e*) Rs. 3,919-14-0 for miscellaneous refunds.

The increase occurs in the last three items.

33.—Famine Relief.—During the year there was a failure of crops in consequence of deficient rainfall in certain parts of the Division ; and it was found necessary to issue a notification under Section 12 of the Famine Relief Code as regards the Bijápur District, the Athni, Gokák and Parasgad Tálukás of the Belgaum District, and the Gadag, Ron and Navalgund Tálukas of the Dhárwár District.

In the Belgaum District, a few civil agency relief works were opened by the Local Boards at a cost of Rs. 9,101-1-9 ; of which Rs. 8,850-12-8 were spent on the repairs of seven local roads, including the Kurbet-Yádvád road, and Rs. 250-5-1 on the repairs of a well in the Athni Táluka.

By Government Resolution No. 8787, dated 19th December 1891, the District Local Board of Dhárwár was authorized to spend Rs. 1,50,000 on relief works, out of its balance ; but the actual expenditure on relief works during the year amounted only to Rs. 10,462-0-9 of which Rs. 4,517-14-8 were spent on the improvement, under civil agency, of four tanks in the Nawalgund Táluka, and one in the Gadag Táluka, and Rs. 5,944-2-1 on the improvement, under professional agency, of four tanks in the Navalgund Táluka.

In the Bijápur District, no attempt has been made to classify expenditure on relief works under "33.—Famine Relief." The Collector writes as follows:—"There have been many Local Funds works, mainly water-supply, carried out, which probably would not have been if there had been no scarcity and want of water; but they have not been carried out at relief rates or on relief conditions. I have, therefore, not attempted to separate them into ordinary and relief works. * * * * The Kerur-Katgeri road was originally started as a Provincial famine relief work, and the expenditure upon it till the close of 1891-92 was Rs. 2,279-0-5, which was met out of the Provincial grant of Rs. 15,000 given by Government to the work."

45.—Civil Works.—The total outlay under this head amounted to Rs. 6,11,636-11-9, against Rs. 4,66,565-12-9 in 1890-91; showing an increase of Rs. 1,45,070-15-0. Of the total expenditure, Rs. 3,25,245-13-0 and Rs. 2,86,390-14-9 were spent on works carried out by Civil and Public Works Department agency respectively. The details of expenditure are given below :—

Of the sum spent on repairs, Rs. 11,939-14-1 were expended on the repairs of school-buildings.

(*b*) *Communications.*—The total expenditure under this head is classified below :—

The amount spent on original works carried out by Civil agency was mostly laid out on the improvement of small local roads.

The following extent of roads was in charge of the Public Works Department during the year :—

The notes of the Executive Engineers giving the original cost and the mileage of these roads, and their opinions on the present condition, will be found embodied in Appendix V.

(*c*). For miscellaneous public improvements, there was incurred an outlay of Rs. 1,537-8-9 on original works, and of Rs. 1,397-0-5 on repairs.

(*d*). The expenditure on works connected with the water-supply amounted to Rs. 1,17,794-1-4, against Rs. 71,772-0-4 in 1890-91; full particulars of the works carried out by the several Boards will be found in Statement IV.

(*e*). The charges incurred by the several Boards on planting and maintaining road-side trees amounted to Rs. 8,499-14-0.

(*f*). Rs. 12,377-9-7 were spent on the salaries and travelling allowances of overseers, maistris, &c., entertained by the Boards for the execution of works; and Rs. 33,234-0-7 were paid by the Boards to the Public Works Department on account of establishment charges.

(*g*). The new plant purchased for the use of the Local Boards establishment and the Government Public Works establishment cost Rs. 2,451-0-6 and Rs. 4,922-13-6, respectively.

Contributions.—Contributions to "Provincial" amounted to Rs. 10,950-13-10 of which the details are given below :—

Debt and Interest on Debt.—Of the amount entered under the head "Debt," Rs. 2,515-4-8 were paid by the District Local Board of Bijápur in liquidation of the loan granted to it by Government to carry out improvements to the Begam Tank at Bijápur; and Rs. 3,584-11-2 were paid by the District Board of Ratnágiri in repayment of the loan made by Government in connection with the construction of the Ambá Ghaut. The sums paid by these Boards on account of "Interest" on the above loans were respectively Rs. 1,302-7-0 and Rs. 2,523-10-10.

Balances.—The total of the balances to the credit of the Boards at the close of the year amounted to Rs. 7,66,302-0-8; *i.e.* to about three-fourths of the annual income, against Rs. 8,37,234-1-4 in the preceding year. According to the books of the Accountant General, however, the balances of the several District Local Boards amount in the aggregate to Rs. 7,42,082-0-8; and there is thus a difference of Rs. 24,220. But this difference is only nominal, and represents the amounts of the permanent advances drawn under Section 50 of the Local Boards Act, as specified in the margin; these advances have been included in the closing balances by the Collectors, in accordance with the orders contained in paragraph 4 of Government Resolution No. 5543, dated the 7th July last. The following statement gives the details regarding the income and closing balance of each district for the last two years :—

Statement IV.

12. The following table contrasts the expenditure on village sanitation during the year under review with that of 1890-91; it is satisfactory that during the year the expenditure has been more liberal under all the heads. The amount spent on the improvement of water-supply, *viz.* Rs. 1,28,554-7-2, shows a very appreciable excess over that spent in the preceding year, *viz.* Rs. 71,820-0-4; the largest expenditure was incurred in the Dhárwár District, and the smallest in Kanara. Although a sum of only Rs. 1,028-7-1 was spent out of Local Funds on the removal of prickly-pear in seven villages (six in Belgaum and one in Bijápur), the removal of this nuisance from village-sites has been well attended to, and especially in the Belgaum and Dhárwár Districts; and almost everywhere the village-sites have been cleared of it; the villagers themselves have co-operated to a considerable extent :—

Year.	Improvement of water-supply.	Improvement of village-sites, &c., including removal of rank vegetation.	Conservancy of towns and villages.	Total expenditure on sanitary objects.

Of the total expenditure on the improvement of water-supply (Rs. 1,28,554-7-2), Rs. 69,247-0-2 were expended on the construction of original works as detailed below, the remainder being spent on the improvement of the existing sources of water-supply :—

14. From the above table it will be observed—

(*a*) that the percentage of expenditure on "educational objects" continues to be highest in the Ratnágiri District;

(*b*) that the percentage of expenditure on "medical objects" continues to be highest in the Kanara District; and

(*c*) that the ratio of expenditure on "public works" is highest in Belgaum.

15. The administration of the Local Boards during the year was, on the whole, satisfactory. Education and communications seem to be everywhere receiving very satisfactory attention; and appreciable progress is being made in

the improvement of the water-supply. As in the Municipalities, sanitation in other respects is usually neglected; this, however, is a matter in respect of which only very slow and gradual improvement can be hoped for.

16. The District Officers, as a rule, have not put forward any remarks as to the general working of the Boards. The Collector of Kolába, however, states that the non-official members there take a fair amount of interest in the administration of the Boards, but are disinclined to assist in supervising the staff under them and to bring offenders to book. The Collector of Kanara remarks, and I think rightly, that, if the non-officials would only interest themselves in bringing to the notice of the Boards the more pressing wants of their divisions, they would render just that help which is most useful, and states that even in this respect they do not seem to have done much; he, however, specially mentions the name of Mr. Náráyan Udiávar, of Honávar, who is reported to have given a good deal of his time, and gone to some expense, in making a systematic tour of the Honávar Táluka and the Bhatkal Petha.

I have the honour to be,

Sir,

Your most obedient Servant,

J. F. FLEET,

Acting Commissioner, S. D.

No. 1915 of 1892.

Revenue Department.

From

H. E. M. JAMES, Esquire, C.S.,
Acting Commisioner in Sind;

To

His Excellency the Right Honourable
LORD HARRIS, G.C.I.E.,
Governor and President in Council,
Bombay.

Commissioner's Office,
Karáchi, 13th October 1892.

My Lord,

I have the honour to submit the Administration Report on the working of the Local Boards in the Province of Sind for the year ending 31st March 1892, together with the statistical tables Nos. I to IV compiled in my office in the prescribed form.

2. The following table gives the dates of receipts of reports from the Collectors and of their final replies to references made for further information or explanation :—

Districts.	Date of receipt of	
	Report.	Final reply.
Karáchi	22nd June 1892 ...	*Nil.*
Hyderabad	27th July 1892 ...	10th September 1892.
Shikárpur	25th August 1892 ...	26th August 1892.
Thar and Párkar	24th June 1892 ...	*Nil.*
Upper Sind Frontier	30th May 1892 ...	11th June 1892.

3. Owing to the non-receipt of the report of the Collector of Shikárpur in due time, the general report for the Province could not be submitted by the 15th August. The difficulty experienced by the District Officers in the submission of their reports on the date fixed has already been brought to your Lordship's notice in my No. 1228 of 7th July 1892, referred to in Government Resolution No. 6511 of 12th August 1892, and the remedial measures therein advocated will, it is hoped, secure greater punctuality in future.

Statement No.—I Constitution of Boards and Meetings.

4. The number of District and Táluka Local Boards in the Province was 51 (*i.e.* 5 District and 46 Táluka Local Boards) against 48 in the previous year. The increase of 3 is due to the discontinuance of the arrangement of combining 2 tálukas in one Board which obtained in three instances in the Karáchi and Thar and Párkar districts, and the constitution of separate Boards for the tálukas noted in the margin.

Old.	New.
1. Dádu Johi.	1. Dádu.
2. Nára.	2. Johi.
3. Thar.	3. Umarkot.
	4. Cháchra.
	5. Khipra.
	6. Sanghar.

5. The elective system remained in force in the districts of Karáchi, Hyderabad and Shikárpur. In the districts of Thar and Párkar and Upper Sind Frontier the elective principle has not yet been introduced, and the Boards consist of nominated members only.

6. The area of the Province remained unchanged. In column 5 of the return the population has been shown according to the census of 1891, which showed an increase of 422,632 over the figures of 1881.

7. Owing to the reconstitution of the Táluka Local Boards in the Karáchi and Thar and Párkar districts as explained above, there was an increase of 21 in the number of members. The total number of meetings held during the year was 397 as compared with 364 in the preceding year. All the District Boards complied with the provisions of the law regarding the holding of half-yearly meetings. The Táluka Boards held a fair number of meetings, except those of Karáchi, Sákro, Tátta, Ghorábári, Sujáwal and Mirpur Batoro, which each held only one meeting during the year. The reason assigned for this decrease is that the members generally live in villages remote from the head-quarter stations, and that the work is generally carried on by circulation of the proceedings amongst the members. The average attendance was fairly good in all the districts, and shows an improvement in comparison with the figures of the past year.

STATEMENT No. II.

8. The year opened with a balance of Rs. 4,99,542-1-0, while the receipts during the year amounted to Rs. 8,05,349-11-4, making a total of Rs. 13,04,891-12-4. The greater part of the revenue was derived from the local rate composed of cess receipts levied under the Sind Local Funds Act, 1865. The subjoined table shows the receipts under the various heads :—

Land Revenue.

9. The total realizations under "Land Revenue," as would appear from the above table, amounted to Rs. 1,384-6-9 as against Rs. 1,373-1-0 in the last year. The increase (Rs. 11-5-9) is too trifling to need explanation. The figures represent sale-proceeds of trees, grass, &c.

VI.—Provincial Rates.

10. The realizations under VI.—Provincial Rates compared with the figures of the past year show an increase of Rs. 30,865-10-8, the figures being—

	Rs.	a.	p.
1890-91	4,50,721	7	4
1891-92	4,81,587	2	0

Net increase Rs. 30,865 10 8 for the Province.

The revenue under this head fluctuates with the land revenue. The increase which occurs in the Karáchi, Hyderabad and Shikárpur districts is attributable (1) to an increase in the area under cultivation and consequently a proportionate increase in the local cess, and (2) to the collection of arrears in the Karáchi District. An appreciable decrease* is noticeable in the Thar and Párkar and Upper Sind Frontier districts. In Thar and Párkar owing to the failure of the desert

Rs.	a.	p.	
*6,173	1	0	Thar and Párkar.

crops the recovery of the one-anna cess has had to be postponed till 1892-93, while in the Upper Sind Frontier District, owing to the almost complete destruction of crops by locusts in the Thul and Kashmor tálukas, heavy remissions were granted.

XII.—Interest.

11. The figures Rs. 1,089-1-8 under "XII.—Interest" belong to the Thar and Párkar District, and represent interest on the closing balances of certain defunct minor Municipalities which were abolished in 1878 and their balances made over to the Local Funds on condition that the latter would defray the requisite expenditure on certain specified objects. The increase of Rs. 210-7-4 as contrasted with the figures of the previous year is ascribed as mainly due to the interest on Government securities having been received in advnace.

XVII.—Police.

12. The total net receipts during 1891-92 under this heading amount to Rs. 28,241-5-4 as compared with Rs. 18,999-10-3 in 1890-91. The increase is noticeable in the districts of Karáchi, Hyderabad, Shikárpur and Thar and Párkar, where owing to the scanty rainfall, pasture being scarce large numbers of cattle trespassed on the cultivated lands and were impounded. The reason assigned by the Deputy Commissioner, Upper Sind Frontier, for the decrease of Rs. 1,157-6-10 as compared with the figures of the previous year is that many of the people having emigrated from the Thul and Kashmor tálukas on account of the destruction of their crops, fewer cattle were impounded.

XIX.—Education.

13. The receipts under this head are composed of fees realized from the middle and primary schools *plus* miscellaneous receipts, and exhibit an increase of Rs. 37-9-10, which indicates, I am afraid, no extension in education by the cess schools. The Educational Inspector is endeavouring to get at the people by utilising the indigenous Mosque schools, which he hopes gradually to improve.

XX.—Medical.

14. The income under this head rose from Rs. 5-6-6 in 1890-91 to Rs. 270-13-8 in the year under report. It is comprised of the sale-proceeds of unserviceable articles of Local Fund vaccinators and of the contribution of Rs. 267 received by the District Local Board, Karáchi, from certain Municipalities towards vaccination charges under the orders contained in Government Resolution No. 975 of 14th March 1891. The Collector of Karáchi explains that the contribution has been refunded for credit to Provincial Funds by debit to "Refunds" subordinate to "24. Medical" in Statement No. III. If this sum, which is not an item of receipt, is excluded, there will be a decrease of Rs. 1-9-3, which being trifling needs no comment.

XXI.—Scientific and other Minor Departments.

15. The total realizations under this head during the year under report amounted to Rs. 12,953-4-0. This sum compared with the figures of the past year shows a net increase of Rs. 2,048-3-1, which occurs in the districts of Karáchi, Hyderabad, Thar and Párkar and Upper Sind Frontier. It is attributable partly to an increase in the amount of stall fees levied at the fairs held in those districts and partly to better receipts from the experimental farm and gardens in Hyderabad. The receipts are composed of the following items:—

	Rs.	a.	p.
Garden receipts	7,780	13	10
Experimental Farm	2,681	15	11
Fairs	2,249	13	7
Miscellaneous	187	9	4
Veterinary	52	15	4
	12,953	4	0

The sum of Rs. 52-15-4 shown under veterinary receipts in the Upper Sind Frontier District probably like the previous year represents the share received on account of the hire of the Government stallions working at the municipal well.

XXV.—Miscellaneous.

16. The receipts under this head as compared with the figures of the previous year show a net decrease of Rs. 1,061-11-8, which is arrived at as follows :—

	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.
Karáchi	227 5 5	.....

Thar and Párkar	376 11 0	.....
Upper Sind Frontier	.....	196 8 1
	695 11 2	1,757 6 10

A substantial decrease is noticeable in the Shikárpur District, mainly under the heads of "Staging Bungalow Fees" and "Other Items," which sunk from Rs. 2,664-5-9 to Rs. 1,129-13-11, and no explanation has been furnished by the Collector as to the cause of this decrease; his attention will be drawn to the omission.

XXXII. Civil Works.

17. The total realizations under this head amount to Rs. 43,513-10-3, as per details subjoined :—

Heads.	1891-92.	1890-91.
	Rs. a. p.	Rs. a. p.
Tolls on ferries	42,136 14 3	48,451 11 1

Contributions	545 12 0	400 0 0
Total ...	43,513 10 3	49,647 7 9
Net Decrease ...	6,133 13 6	

There is an increase of Rs. 3,956-1-2 in the Karáchi and Hyderabad districts, which is chiefly attributable to the receipts from the Kotri-Giddu Ferry being larger than in the previous year, while there is a decrease of Rs. 10,089-14-8 in the Shikárpur, Thar and Frontier districts. The decrease in Shikárpur is reported as chiefly due to the receipts from the Sukkur Ferry being smaller owing to the opening of the Lansdowne Bridge.

18. Under this head the receipts amounted in all to Rs. 2,28,730-5-0 against Rs. 2,10,834-0-5 in the previous year, thus showing an increase of Rs. 17,896-4-7 during the year under report. This is accounted for as due to better receipts from fisheries and more favourable sales of farms. The income under this head is made up of the following items of revenue :—

Contributions.

   (*b*) Construction of school buildings.
   (*c*) Excise revenue.
   (*d*) Provincial road repairs, and
5. Contributions from other Boards.

19. The following table shows the incidence of taxation and also the incidence of income per head of the population for each district separately and for the Province for the two years 1890-91 and 1891-92:—

District.	Incidence of Taxation.		Incidence of Income.	
	1890-91.	1891-92.	1890-91.	1891-92.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Karáchi	0 2 5	0 3 1	0 5 10	0 6 5
Hyderabad	0 2 10	0 2 5	0 5 0	0 4 8
Shikárpur	0 4 4	0 3 11	0 6 6	0 4 8
Thar and Párkar	0 3 6	0 2 1	0 4 5	0 2 10
Upper Sind Frontier	0 4 10	0 3 5	0 7 3	0 4 7
Average for the Province ...	0 3 5	0 3 1	0 5 9	0 5 1

The comparison is vitiated by the fact that the figures of incidence for 1890-91 were calculated on the census figures of 1881, while those for the year under report are based on the census of 1891.

STATEMENT No. III.

20. The expenditure under the head " 18. Administration " amounts to Rs. 21,888-14-1, or Rs. 574-10-11 less than that incurred in the previous year. Expenditure shown under this head is made up, as reported last year, of charges incurred on account of establishments maintained by Local Boards and Local Fund establishment employed in Government offices, &c. The decrease is chiefly due to the abolition of the appointment of the Local Fund Overseer in the Thar and Párkar District. The Deputy Commissioner states that the salary of this officer was shown under this head, in accordance with the instructions contained in Government Resolution No. 5325 of 29th July 1890.

20. Police.

21. The only entry under this head relates to the sum of Rs. 100 refunded during the year in the Hyderabad District by the Naushahro Táluka Board on account of cattle-pound collections.

22. Education.

22. The total increase in expenditure under this head amounts to Rs. 9,325-13-3, the figures being for this year Rs. 2,32,181-12-2 and for last year Rs. 2,22,855-14-11. The differences are distributed in the several districts as follows:—

District.	1891-92.	1890-91.	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Karáchi	38,188 1 4	57,683 5 0	.....	19,495 3 8

Total ...	2,32,181 12 2	2,22,855 14 11	29,464 8 10	20,138 11 7

The Collector of Karáchi explains that, during the year 1890-91, the sum of Rs. 20,000 was contributed towards the College and Madrasa buildings as a special case, and that nothing of the kind was paid during the year under report. The increase in the Hyderabad, Shikárpur and Thar and Párkar districts is chiefly attributable (*a*) to the opening of new schools in those districts, and (*b*) to the contribution paid by the Shikárpur Boards to indigenous schools by way of grant-in-aid being more by Rs. 5,833 than last year.

24. Medical.

23. The expenditure under this head consists of the following items:—

Items.	Karáchi.	Hyderabad.	Shikárpur.	Thar and Párkar.	Upper Sind Frontier.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Taken as a whole, the figures show a net decrease of Rs. 11,429-5-9. The figures for the several districts are as follows:—

	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.
Karáchi	1,434 7 0	.....
Hyderabad	.....	13,205 15 3
Shikárpur	54 9 0	.....

Upper Sind Frontier ...	66 15 7	.....
Total ...	1,776 9 6	13,205 15 3
Net Decrease ...		11,429 5 9

The increase in the Karáchi District is ascribed mainly to the entertainment of 2 more vaccinators and peons, and to the sum of Rs. 267 originally received from the Municipalities towards vaccination charges having been subsequently refunded under the Accountant General's instructions. The increase in the Shikárpur, Thar and Párkar and Frontier districts is slight and calls for no comments. The decrease in the Hyderabad District occurs under the head "Hospitals and Dispensaries." No explanation has been furnished, but it seems that, in the previous year, grants were made to the Civil Hospital and Medical School, Hyderabad, and the Badin Dispensary buildings, while this year no such special expenditure has been incurred.

26. Scientific and other Minor Departments.

24. The expenditure under this head during the year under review compared with that of the past year shows a net decrease of Rs. 1,111-13-10. The variations in the different districts are shown below:—

	Increase. Rs. a. p.	Decrease. Rs. a. p.
Karáchi	291 6 4	.....
Hyderabad	.....	463 7 10
Shikárpur	5,579 3 5	.....
Thar and Párkar	.....	1,058 4 6
Upper Sind Frontier ...	.....	5,460 11 3
	5,870 9 9	6,982 7 7
	Net Decrease ...	1,111 13 10

The expense incurred in connection with the Sind Horse Show, which during the year was held at Shikárpur, accounts for the increase in the Shikárpur District and the corresponding decrease in the Frontier District. The increases and decreases in other districts being small call for no remarks.

30. Stationery and Printing.

25 The sum of Rs. 1,378-14-9 was spent in the Province of Sind during the year under report, thus showing a decrease of Rs. 718-1-10 as compared with the figures of the past year. The decrease is chiefly noticeable in the Karáchi District, where no expenditure was incurred on account of printing charges in connection with election forms, as was the case last year. The increases and decreases in the other districts are insignificant and need no nótice.

32. Miscellaneous.

26. The amount spent in maintaining establishment for travellers' bungalows, &c., during the year under report as compared with the past year for each district separately is given in the table subjoined :—

District.	1891-92. Rs. a. p.	1890-91. Rs. a. p.	Increase. Rs. a. p.	Decrease. Rs. a. p.
Karáchi	1,285 4 8	1,796 6 9	.....	511 2 1
Hyderabad	161 1 0	145 2 0	15 15 0	.....

Total ...	4,600 3 5	4,891 4 6	220 1 0	511 2 1
Net Decrease ...	.....	.....	.....	291 1 1

27. The expenditure under other petty establishments was Rs. 48,329-9-7 against Rs. 46,924-15-8 last year, according to the details given below :—

District.	1891-92. Rs. a. p.	1890-91. Rs. a. p.	Increase. Rs. a. p.	Decrease. Rs. a. p.
Karáchi	9,125 14 4	8,349 6 0	776 8 4	.....
Hyderabad	5,278 2 1	5,257 6 2	20 11 11	.....

Total ...	48,329 9 7	46,924 15 8	1,484 10 7	80 0 8

28. The decrease in the table given in paragraph 26 is ascribed to the fact that no furniture was purchased during the year under report for staging bungalows in the Karáchi District as was the case last year. The increase in other districts being small needs no notice. The increase in the Karáchi and Shikárpur districts as shown in the table in paragraph 27 (other petty establishment) is partly due to additional hands having been entertained owing to the extension

of tree-planting in the Shikárpur District, and partly to the purchase of bullocks and bullock carts for Local-Fund nurseries in charge of certain Local Boards in the Karáchi District. The increases or decreases in the remaining 3 districts are very small and call for no comment.

45. Civil Works.

29. The total expenditure under this head amounts to Rs. 3,19,442-14-1 against Rs. 3,43,777-8-9 in the previous year, thus showing a decrease of Rs. 24,334-10-8, which is arrived at as follows :—

	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.
Karáchi ...	... 11,764 8 8	.....
Hyderabad ...	... 13,223 9 1	.....

Thar and Párkar ...	... 7,270 7 11	.....
Upper Sind Frontier	... .	22,214 7 11
	32,258 9 8	56,593 4 4
	Net Decrease ...	24,334 10 8

The increase, Rs. 32,258-9-8, in the Karáchi, Hyderabad and Thar and Párkar districts is due to greater expenditure on new works principally intended to facilitate communication. The Collector of Shikárpur reports that the decrease is only nominal. The cost of repairing the Sukkur ferry steamers was improperly shown under this head as Local Fund expenditure last year, while no such expenditure took place this year. The Deputy Commissioner, Upper Sind Frontier, shows that, in consequence of the reduction in revenue on account of the destruction of crops, all works have been held in abeyance.

30. Full details of the sums spent by Civil and Public Works agencies on original works, repairs, &c., are given in the subjoined statement :—

5. Repairs to dharmshálas, bungalows, roads, bridges, wells.

The Collector of Shikárpur has failed to give full details of the works executed by Civil officers, but has shown some of them, which are as follows :—

Twenty-nine small bridges.

He adds that the roads were repaired as usual and kept in good order.

8. Do. of bridges.
9. Improvement of a tank at Pahuhár.
10. Purchase of a piece of land for railway dharmshála at Shádipáli.

The Deputy Commissioner, Upper Sind Frontier, states—

"That the principal works undertaken by Civil officers consist of the construction of a musáfir landhi at Dodápur, in the Jacobabad Táluka, at a cost of Rs. 317; of a school landhi at Beluchabad costing Rs. 80. Additions to the school-house at Mirpur were carried out at an outlay of Rs. 104. The sum of Rs. 600 was spent on the sinking of wells; Rs. 112-4-5 were paid during the year on the completion of the well the construction of which was undertaken last year.

"The works carried out by Public Works agency consisted chiefly of bridges, in the construction of which professional skill was required. Rs. 1,671-14-8 were expended in this way. In the budget estimate for the year, Rs. 7,534 were sanctioned for works of the kind, but, anticipating a great reduction in the revenue on account of the destruction of crops, all such and other works were held in abeyance."

Contribution to Provincial.

32. The total amount for the whole Province is Rs. 1,48,877 against Rs. 415 in the previous year. Of this—

Rs.	877	belong to the Karáchi District.
„	1,40,000	do. Hyderabad District.
„	8,000	do. Thar and Párkar District.

There is an increase of Rs. 1,48,462 in the Karáchi, Hyderabad and Thar and Párkar districts, which is due to the contribution of Rs. 462 paid by the District Local Board, Karáchi, to Provincial for the construction of a compound wall to the Civil Hospital, Karáchi, while the remaining one lákh and forty-eight thousand were contributed by the District Local Boards, Hyderabad and Thar and Párkar, towards the construction of the Hyderabad-Umarkot Railway.

Contribution to other Boards.

33. The total amount contributed to other Boards aggregates Rs. 3,256-6-8 against Rs. 2,388-14-4, the increase Rs. 867-8-4 being divided as follows :—

	Increase. Rs. a. p.		Decrease. Rs. a. p.
Karáchi	149 11 4	Hyderabad ...	831 5 0
Shikárpur	566 13 0		
Upper Sind Frontier ...	982 5 0		
Total ...	1,698 13 4		
	831 5 0		
Net Increase ...	867 8 4		

The variations under this head are small, and have not been explained by the Collectors and Deputy Commissioners.

34. The following table shows the opening balance at the beginning of the year under report together with receipts and expenditure incurred during the year under report, as also the closing balance of this year separately for each district and for the whole Province :—

District.	Opening Balance. Rs. a. p.	Receipts. Rs. a. p.	Expenditure. Rs. a. p.	Closing Balance. Rs. a. p.	Remarks.
Karáchi	1,05,005 5 5	1,72,336 2 2	1,32,492 2 7	1,44,849 5 0	
Hyderabad	2,00,114 0 7	2,44,294 11 0	3,50,201 9 9	94,207 1 10

Total ...	4,99,542 1 0	8,05,349 11 4	8,55,652 2 2	4,49,239 10 2	

35. The opening balances now shown against Karáchi and Hyderabad differ slightly from the closing balances shown last year. The Collectors report that the difference is due to the adjustments ordered by the Accountant General since the submission of the report for 1890-91. The balances are not excessive. Indeed in the two smaller districts they are too low, and in the larger ones are not equivalent to the year's revenue which it was the desire of the Accountant General, a few years ago, that each Board should accumulate so as to avoid drawing on Government funds for works undertaken before the instalments of revenue fall due.

36. The table given above shows that the receipts of the Hyderabad, Thar and Párkar and Upper Sind Frontier districts did not cover the actual expenditure incurred during the year under review. This is due to the fact that the former two were required to pay a portion of their promised contributions, Rs. 1,48,000, towards the construction of the Hyderabad-Umarkot Railway during the year under report while the latter, owing to great decrease in the revenue on account of the destruction of crops, had to utilize a portion of the balances of previous years.

37. This statement shows details of the works undertaken for the improvement of sanitation. The subjoined table shows the total expenditure incurred under the different heads in each district of the Province :—

38. It will be seen that the amount spent on the improvement of water-supply in the whole Province during the year of report, *viz.* Rs. 16,906-2-1, was less by Rs. 7,617-2-11 than that spent in the preceding year, *viz.* Rs. 24,523-5-0. The largest expenditure was incurred in the Shikárpur District and the smallest in Thar and Párkar. Looking to the area and population subject to the control of each District Local Board, it might be considered that the amounts so spent under this head are small. But, for reasons fully explained in my report for the previous year, it will be observed that water-works are less needed in Sind than in the Presidency proper. The greater part of Sind is very favourably situated as regards drinking water owing to the plentiful supply afforded by the Indus, and in most tracts in which the water-supply requires improvement the natural conditions are so adverse that it is almost impossible by any device to obtain a supply of good water.

39. As reported last year, there are no Local Fund roads in charge of Executive Engineers in this Province. A copy of the Superintending Engineer's reply, No. 3624 of 8th September 1892, to the reference made to him on the subject from this office is attached. The road returns referred to by the Superintending Engineer in Sind were submitted to Government under my endorsement No. 3739 of 7th September 1892, Public Works Department.

40. The reports from the several Collectors and Presidents of District Local Boards in the Province of Sind are also appended.

I have the honour to be,

My Lord,

Your Lordship's most obedient Servant,

H. E. M. JAMES,

Acting Chmmissioner in Sind.

LOCAL FUND DEPARTMENT.

FROM

COLONEL R. I. CRAWFORD,
Collector and President, District Board, Karáchi;

To

H. E. M. JAMES, ESQUIRE, C. S.,
Commissioner in Sind.

Resident's Office, Karáchi, $\frac{15}{20}$th June 1892.

SIR,

I have the honour to submit my report on the administration of Local Boards in this district for the year 1891-92 together with the statements Nos. I to IV, and to offer the following remarks on the same.

STATEMENT No. I.

1. The total population and area within the limits of the district is the same as shown last year. The number of members of the several Boards is also the same, except those of the District Board, General, Dádú and Johi Táluka Boards. There is an increase of 3 members in District Board, General, and 4 in the Dádú and Johi Táluka Boards; Dádú and Johi formed a joint Board previously.

2. The number of meetings held in the year under report was 30. There is a decrease of 5 meetings as compared with those held last year. Taking each Board separately, the Táluka Boards of Karáchi, Sákro, Tátta and Sehwan had each 1, and Ghorábári and Sujáwal-Mirpur 3, and Kotri-Mánjhand 2 meetings less; and the Táluka Boards of Dadú and Johi had 6 meetings more than those in the previous year.

3. The increase in the attendance is 8 at the District Board meetings, 1 at Ghorábári, 2 at Sujáwal-Mirpur and 3 at Dadú and Johi Táluka Boards.

4. The attendance of the members at Sháhbandar, Jati, Kotri, Mánjhand and Sehwan was less by 1 in each.

5. The attendance at the District Boards' meetings shows a good improvement. The Head Assistant Collector and President, Táluka Boards Jerruck Division, states as follows:—

"Statement No. I shows the few meetings held in this Division. I have remarked every year that the rule as regards holding of 4 meetings cannot be observed, as Táluka Local Board members generally live in villages far apart, far from head-quarter stations, and the work is generally carried on by circulation of the proceedings amongst the members."

The Assistant Collector and President, Táluka Boards Sháhbandar Division, observes as follows:—

"The same number of meetings (*viz.* 2) were held by the Táluka Board of Sháhbandar-Jati as in the previous year; however, there is a decrease of 1 member. Only 1 meeting was held by the Táluka Board of Sujáwal-Mirpur, but the attendance of members shows a great improvement, *i. e.* from 6 to 8."

The Assistant Collector and President, Táluka Boards Sehwan Division, makes the following remarks :—

"The Johi Táluka, which hitherto had been joined with the Dádú Táluka under one Board, was formed into a separate Board from the commencement of the year.

"The Boards take, in my opinion, a creditable interest in the performance of their duties. As many meetings as were necessary were held during the year."

STATEMENT No. II.

6. The opening balance of the District Board was Rs. 60,250-3-8, whereas in the last year's statement the closing balance was shown at Rs. 60,250-3-9; the difference of 1 pie is owing to the adjustment of ferry receipts between the two districts made by the Accountant General in his No. L. F. 18622, dated 9th September 1891.

7. *VI.—Provincial Rates—Local Rate.*—The total realization under this head amounts to Rs. 82,126-4-0, which consists of one-anna cess Rs. 79,595-5-0 and jághir cess Rs. 2,530-15-0. The whole of the one-anna cess levied within the municipal limits is assigned to the Municipalities concerned, under Section 47 of the Local Boards Act, excepting the Karáchi Municipality, which gets only $\frac{2}{3}$rds of the cess. The amount so assigned to Municipalities during the year was Rs. 841-11-4. One-third of one-anna cess levied out of municipal limits and $\frac{2}{5}$ths of the jághir cess, *viz.* Rs. 26,144-13-4 and Rs. 1,012-5-6 respectively, were assigned to educational purposes under Section 48 of the Act, leaving Rs. 54,127-5-10 at the disposal of the Táluka Boards. Out of the latter sum the Táluka Boards contributed Rs. 5,282 towards the educational institutions noted in margin, and the amount was transferred to the credit of the District Board (Educational) for payment. Thus the net amount at the credit of the Táluka Board was Rs. 48,845-5-10. The increase in the total realization of cess receipts as compared with the past year's figures is Rs. 26,278-1-0, which is owing to the arrears of the last year's revenue having been collected in the year under report.

		Rs.
1.	Sind Arts College	1,416
2.	Mahomedan Madressa ...	1,416
3.	Medical School, Hyderabad ...	1,500
4.	Karáchi Library and Museum .	600
5.	Student in Veterinary College, Bombay	350
	Total ...	5,282

8. *XVII.—Police Receipts under Cattle Trespass Act.*—Receipts under this head amounted to Rs. 1,880-5-0. In some tálukas the expenditure has been more than the actual receipts. In such cases the excesses have been adjusted by means of minus entries in red ink against other receipts of the Boards, in the same manner as was explained last year. There is an increase of Rs. 607-13-9 over the receipts of the last year, which is owing to large numbers of the cattle having been impounded during the year under report.

9. *XIX.—Education.* (*1*) *Fees in Primary Schools, Rs. 610-3-4.*—The increase under this head amounts to Rs. 13-8-4, which is owing to the recovery of arrears of last year during the year under report; (*2*) *Miscellaneous Receipts, Rs. 427-14-1.* There is also an increase under this head of Rs. 88-14-9, which the Educational Inspector thinks insignificant and needs no explanation.

10. *XX.—Medical.* (*1*) *Contributions, Rs. 267.*—This amount was received from the Municipality towards vaccination charges under Government Resolution No. 975, dated 14th March 1891, and has been refunded for credit to Provincial Funds at the request of the Accountant General by debit to "Refunds" subordinate to "24. Medical" in Statement No. III; (*2*) *Other Receipts, Rs. 3-2-5.*—The receipts under this head consist of sale of unserviceable articles of Local Fund vaccinators only. The increase of Rs. 2-4-11 as compared with last year is insignificant and needs no explanation.

11. *XXI.—Scientific and other Minor Departments, Rs. 223-3-10.*—These consist of stall fees collected at the annual fairs held in Ghorábári, Shábbandar and Jati tálukas. The increase under this head amounts to Rs. 137-2-8 as compared with last year, which is due to a larger number of stalls having been occupied at the fairs.

12. *XXV.—Miscellaneous, Rs. 2,033-2-3.*—This consists of Rs. 198-1-2 on account of sale of old materials, Rs. 928-8-0 as rent of staging bungalows, the

rent of Karáchi travellers' bungalow alone being Rs. 780, at Rs. 65 per mensem, and Rs. 906-9-1 on account of other sundry receipts. The increase under this head is Rs. 227-5-5 as compared with last year, and is owing to sale of old materials and products from fruit-trees, &c.

13. *XXXII.—Civil Works in charge of Civil Officers. Tolls on Ferries, Rs. 17,696-14-9.*—This amount is made up of Kotri-Gidu ferry receipts Rs. 10,239-12-5 and other ferries in the district Rs. 7,457-2-4. The increase of Rs. 1,563-15-4 as compared with the last year is due to larger receipts from Kotri-Gidu ferry than in the previous year.

14. Rs. 500 under "Contributions" were paid by Seth Pahlajrai Shewarám of Jati towards the construction of a dharmshála at Sir Gundho.

15. *Contributions—from Provincial to Local.*—Rs. 66,568-0-6 were made up as follows:—

District Board, General.

		Rs.	a.	p.
(1)	Fishery receipts	42,932	7	3
(2)	Grant in lieu of one-anna cess on excise revenue ...	6,876	10	8

	Total ...	15,883	1	6

Táluka Boards.

		Rs.	a.	p.
(6)	Sand and quarry fees	875	13	1

As there is no special head provided for the above items in the Statement No. II they have been shown under this head, as directed by Government in their Resolution No. 3847, dated 5th June 1891. Comparing the receipts under this head with those of the last year there is a net increase of Rs. 6,183-4-8, which is due to favourable sale of farms.

16. The incidence of taxation and that of income per head of population is shown against each Board. The incidence of taxation on the whole district population is 3 annas and 1 pie per head, and that of income (excluding opening balance) is 6 annas and 5 pies per head. This shows an increase of 1 anna in the former and 1 anna and 4 pies in the latter as compared with that of the previous year. The increase is due to the last year's collections made in this year, as explained in paragraph 7 above.

STATEMENT No. III.

17. *Opening Balance.*—The difference of 1 pie is explained in paragraph 6.

18. *Administration. Office Establishment.*—The increase under this head is Rs. 63-12-0, which is due to the entertainment of a peon for the full year.

19. *Office Contingencies.*—There is an increase of Rs. 175-4-9 under this head, which is due to the purchase of furniture, &c., in Shahbandar-Jati Táluka Board.

20. *Payment of Establishment for Office of Accounts. Control and Audit, Rs. 946-6-9.*—The decrease of annas 3-4 as compared with last year's figures under this head is insignificant and needs no explanation.

21. *22. Education—Maintenance and Management. Training and Special Schools, Rs. 1,641-8-3.*—The expenditure is incurred on account of pay and contingencies for the Industrial Schools at Dádú and Talti. The increase of Rs. 230-2-10 as compared with last year's figures is owing to the purchase of tools, plant and other materials, &c., required at these institutions.

22. *Primary Schools.* Rs. 18,770-0-10 consist of the following items :—

	Rs.	a.	p.
Salaries of teachers, including their pension contribution.	17,907	0	10
Servants	600	0	0
Travelling allowance	263	0	0
	18,770	0	10

The decrease under this head as compared with last year is Rs. 259-14-5, which has not been explained by the Educational Inspector.

23. *Grants-in-aid, Rs. 11,841-0-0.*—The following grants were made during the year:—

		Rs.
(1)	Grant for maintenance to Sind Arts College	1,416
(2)	Do. to Madresseh	1,416
(3)	Do. to Medical School, Hyderabad ...	1,500
(4)	Do. to Karáchi Library and Museum ...	600

(10)	Do. Sehwan do.	137
(11)	Do. Mirpur Batoro Municipal School	100
(12)	Do. Mánjhand do.	35
	Total ...	11,841

The first four items were transferred from Táluka Boards to District Board, Educational, for payment. The decrease of Rs. 20,702-8-7 is explained as under. Last year, grants of Rs. 20,000 were made towards the College and Madresseh buildings as a special case, and nothing of the kind was paid this year. The amount paid for the maintenance of College and Madresseh was less than Rs. 2,000.

24. *Scholarships, Rs. 2,102-12-3.*—The increase of Rs. 809-10-10 is due to the grants towards the Training College, Agricultural School, Hyderabad, and Middle and Special Schools, &c., having been increased in the year under report.

25. *Miscellaneous, Rs. 3,457-12-0.*—The decrease of Rs. 947-10-4 is in rent, prizes and miscellaneous contingencies, which always vary according to circumstances.

26. *Refunds, Rs. 375.*—This sum was refunded to Provincial Funds in 1891-92, as it could not be utilized, as the projects in aid of which the amount was received had been postponed.

27. *24.—Medical Hospitals and Dispensaries, Rs. 3,530.*—The increase of Rs. 180 over the last year is owing to a new grant being sanctioned in September last for the Kotri Zenana Dispensary.

28. *Vaccination Establishment and Charges, Rs. 4,862-3-6.*—There is an increase of Rs. 857-7-0 under this head, which is owing to the entertainment of 2 additional vaccinators and peons.

29. *Sanitation Charges, Rs. 130.*—This expenditure was incurred for clearing some dense jungles where harmful snakes abounded.

30. *Refunds, Rs. 267.*—This amount was originally received from the Municipalities towards the vaccination charges under Government Resolution No. 975, dated 14th March 1891, and has since been refunded under Accountant-General's No. $\frac{\text{T. A. III.}}{15555}$, dated 14th August 1891.

31. *26.—Scientific and other Minor Departments. Other Exhibitions and Fairs, Rs. 107-12-0.*—This expenditure was incurred on account of purchase of lungis and garbis sent to the Imperial Institution in England, as directed in Government Resolution No. 5237, dated 1st August 1891.

32. *Veterinary Charges, Rs. 504-12-0.*—This sum is on account of stipends, cost of books, college fee, rent and contingencies for the scholar attending the Veterinary College, Bombay.

33. *Bull and Stallion Charges, Rs. 227-13-9.*—There is an increase of Rs. 41-2-4 under this head, which is due to the new landhi having been built at Karáchi for the stallion.

34. *30.—Stationery and Printing.*—There is a decrease of Rs. 636-9-8 under printing, which is due to a less number of forms required during the year. In the previous year a large number of forms was printed owing to the elections.

35. *32.—Miscellaneous. Staging Bungalow and Serai Establishment and Charges, Rs. 1,285-4-8.*—No furniture was purchased in the year under report, and hence the decrease of Rs. 511-2-1.

36. *Other Petty Establishment and Charges, Rs. 9,125-14-4.*—There is an increase of Rs. 776-8-4 under this head as compared with last year, which is chiefly due to the purchase of bullocks and bullock carts for Local Fund nurseries in the Sháhbandar-Jati Táluka Board's charge during the year.

37. *45.—Civil Works in charge of Civil Officers—*

SIR,

I have the honour to submit the accompanying Statements Nos. I to IV embodying statistical information, and to report on the administration of the Hyderabad District and Táluka Local Boards for the year 1891-92.

2. The District Local Board held 2 meetings during the year, and the Executive Committee of that Board held 4.

A comparative statement showing the number of meetings, and the average attendance is given below :—

Kandiáro...	6	7	13	7	7	...	...	...

The increase in the number of meetings in tálukas Dero Mohbat, Sákrand, Moro and Kandiáro is due to the Táluka Local Boards having to transact business for the purpose of re-appropriations.

The Act as administered by the Government officials seems to work well, and the non-official members take an interest in their duties.

Statement No. II.

The year opened with a credit balance of Rs. 1,98,914-0-7 for all Boards.

The total income of the year aggregated Rs. 2,51,341-12-0, as per following details :—

As compared with the past year, 1890-91, there is an increase of Rs. 38,731-11-7, due chiefly to increased receipts from one-anna cess, ferries, cattle-pounds and fisheries.

The statement embodies all the sources of revenue from which the income was derived, and the principal of these sources are given below :—

R. LAMBERT, Esquire,
Acting Collector, Shikárpur;

To

Colonel R. I. CRAWFORD,
Acting Commissioner in Sind.

Collector's Office,
Sukkur, dated 22nd August 1892.

Sir,

I have the honour to submit my report on the administration of the Local Boards in this district, together with statistical tables I to IV for the past year.

Statement No. I.

There was no change in the number of members serving on the various Boards. Two general meetings and one special general meeting of the District Board, and 8 of the Managing Committee were held during the year.

As it is very desirable that the Executive Committee should meet at least once a month: members who lived at a distance from Sukkur have been removed from the Committee, and others, who live in Sukkur and its neighbourhood, have replaced them.

The receipts under this head have gone down by more than half, owing to the opening of the Lansdowne Bridge, where the tolls levied are lighter than those in force on the ferry-steamer plying between Sukkur and Rohri. They have, however, now been reduced: *vide* Commissioner's No. 2381 of 8th June 1892, and since the reduction the number of passengers, cattle and amount of goods crossing by the ferry have increased.

chiefly owing to the increase in local cess referred to above.

The incidence of taxation per head of population is annas 3 and pies 11, and has been found by dividing the amount of the local rate, *viz.* Rs. 2,00,968-11-0, by the population within the area of the District Board, 805,294.

The expenditure of the several Local Boards amounted to Rs. 2,58,001-1-7, and is accounted for as follows :—

18.—Administration.

Office Establishment—

In 1890-91	870	12	6

22.—Education.

The expenditure on primary schools amounted—

	Rs.	a.	p.
In 1890-91 to	41,002	0	5
In 1891-92 „	44,104	5	11
The increase of ...	3,102	5	6

is due to 9 new schools having been opened during the year.

The amount expended on account of grants-in-aid during the year—

	Rs.	a.	p.
In 1890-91 was	10,082	0	0
and in 1891-92	19,601	0	0

showing an increase of Rs. 9,519, which is attributable to the fact—

(1) that Rs. 5,833 were paid to indigenous schools by way of grant-in-aid more than last year; the number of such aided schools has increased from 361 to 438.

(2) An extra sum of Rs. 1,000 was given as a grant to the Madressa at Karáchi.

(3) Rs. 1,800 was paid as a contribution to 6 primary schools within municipal limits, and

(4) Rs. 500 was paid to the Medical School at Hyderabad.

Scholarships.

Last year 20 boys received scholarships for studying in the Training College, Hyderabad, and of these 12 were provided by the Educational Department. This year the number who received aid was the same, but those provided for were only 4.

In 1890-91 the scholars from Shikárpur in the Agricultural School were 5, while this year the number has increased to 10. None of them have, as far as is known, been employed by Government.

Miscellaneous.

1890-91	8,146	3	4
1891-92	5,983	15	7
Decrease ...	2,162	3	9

24.—Medical.

There is a decrease of Rs. 178-15-6 under the head Hospitals and Dispensaries as follows :—

	Rs.	a.	p.
In 1890-91	5,478	15	6
In 1891-92	5,300	0	0

This decrease is explained by the fact that, while a sum of Rs. 178-15-6 was spent on purchasing quinine in 1890-91, no such expenditure was incurred during the year under report.

There is a slight increase of Rs. 73-7-5 under the head of Vaccination Establishment and Charges.

26.—Scientific and other Minor Departments.

The expenditure under the head Horse Fairs was—

	Rs.	a.	p.
In 1890-91	2,617	0	0
and in 1891-92	6,658	11	2
Increase ...	4,041	11	2

due to the Sind Horse Show having been held at Shikárpur this year instead of Jacobabad. When the fair is held at Jacobabad this District Board contributes Rs. 2,500 towards the cost. When the fair is held at Shikárpur the greater part of the total cost falls on the District Board, as it did this year.

An extra sum of Rs. 143-11-0 was sanctioned for the student on account of the purchase of books and instruments this year: hence the increase under this head.

Bull and Stallion Charges.

	Rs.	a.	p.
1890-91	1,974	11	5
1891-92	2,180	12	0

The increase of Rs. 206-0-7 is owing to the cost of importing and keep of 2 fresh horses.

Botanical and other Public Gardens.

Under this head the expenditure was as follows:—

	Rs.	a.	p.
In 1890-91	2,378	11	10
In 1891-92	3,547	8	6

The increase of Rs. 1,168-12-8 is owing to the Rohri Taluka Board having purchased land and made a new garden near Rohri.

30.—Stationery and Printing.

Stationery purchased in the country :—

	Rs.	a.	p.

1890-91	...	8,948	7	8
1891-92	...	5,875	8	2

This is explained by the fact that last year 16 wells were built, whereas this year only 12 were built.

All roads were repaired as usual and kept in good order.

The following works were undertaken by the Executive Engineers of the Public Works Department :—

	Rs.	a.	p.	
New bridge over the Mahiowah on the road from Mirpur to Mathelo	2,999	15	5	Under construction.

The total expenditure on account of public works during the year as compared with that for the previous year is as follows :—

	Rs.	a.	p.
1890-91...	1,57,535	5	11
1891-92...	1,23,227	9	6
Decrease ...	34,305	12	5

This decrease is only nominal, and in reality shows that the cost of repairing the Sukkur ferry steamers has been improperly shown in Local Fund expenditure last year, whereas no such expenditure took place this year. The cost of public works is, to within a few rupees, the same this year as last.

STATEMENT No. IV.

This statement shows the number and cost of new tanks and wells made or repaired by the Táluka Boards.

As regards sanitation, the District Local Board has left it to the Táluka Local Boards to undertake such works as they deem right.

I have the honour to be,

Sir,

Your most obedient Servant,

R. LAMBERT,

Acting Collector, Shikárpur.

No. 165 OF 1892-93.

LOCAL FUND DEPARTMENT.

FROM

THE DEPUTY COMMISSIONER,

Thar and Párkar;

To

THE COMMISSIONER IN SIND.

Deputy Commissioner's Office,
Hyderabad, dated 22nd June 1892.

SIR,

I.—Constitution.
II.—Income.
III.—Expenditure.
IV.—Sanitation.

I have the honour to submit the Annual Report on the administration of the District and 6 Táluka Local Boards of this district for the year ending 31st March 1892, together with the four statements marginally noted.

I.—Constitution.

2. There were orginally 5 Boards (*i. e.*, 1 District and 4 Tálukas) constituted under Government Resolution No. 1293 dated 12th February 1885, namely, the—

1. District Board,	4. Thar Board
2. Umarkot Board.	and
3. Nára Board.	5. Párkar Board.

Of these, the Nára Local Board comprised the tálukas of Khipra and Sanghar, and the Umarkot Local Board the 2 tálukas of Umarkot and Cháchra. This arrangement of combining 2 tálukas in one Board was found inconvenient, owing to the increased revenue of the district; their separation was therefore recommended, and Government was pleased to sanction, under their Resolution No. 4389, dated the 29th June 1891, the creation of 6 instead of 4 Táluka Local Boards, and the term of office of the new members of the 7 Boards, *i. e.* 1 District and 6 Tálukas Boards, thus commenced from the 1st August 1891: *vide* your No. 2490 of 21st July last.

3. From the figures in columns 4 and 5 the area and population of the Municipalities of Umarkot and Mithi have been omitted. The total number of members constituting the several Boards is 48, of which 46 are nominated and 2 elected. Owing to the comparatively backward condition of the people of this district, the elective franchise has not been introduced. The 2 elected members are representatives of the Municipalities of Umarkot and Mithi. The non-official members do not as yet take sufficient interest in their duties, but content themselves generally with attending the meetings, and agreeing to the proposals brought forward by the official members.

4. The number of meetings has been generally satisfactory, except of the Sanghar and Párkar Boards. The former, however, was only constituted in August last, and the funds at the disposal of the latter Board were so insignificant that it was not necessary to hold many meetings.

II.—Income.

IV.—Provincial Rates.

5. As compared with the last year's figures under "Local Rate" there is a decrease of Rs. 6,173-1-0 resulting from the failure of the Desert crops, in consequence of which the realization of the one-anna cess has had to be postponed till 1892-93.

XII.—Interest.

6. The sum of Rs. 1,089-1-8 is on account of the interest on the closing balances of certain minor Municipalities which have been abolished. The balances were invested in Government paper, and the interest is annually credited to Local Funds, in consideration of which the Local Board have undertaken to maintain certain institutions. The increase of Rs. 210-7-4 under the same head is due to (1) a sum of Rs. 180 received in advance as interest at ½ per cent. from 15th September 1890 to 14th September 1893 on Government promissory notes of the value of Rs. 12,000 transferred from 4½ of 1879 to 4 per cent. of 1854-55, (2) a sum of Rs. 30-0-0 received as brokerage, at Re. 0-4-0 per cent., on this conversion.

XVII.—Police.

Receipts under Cattle Trespass Act.

7. The receipts under this head represent the net profits of the pounds in non-municipal towns. There is an increase of Rs. 1,438-14-5 under this head, which is owing to trespass by cattle brought by the people to the Nára Valley on the failure of crops in the Desert.

XIX.—Education.

8. The Rs. 2 shown under "School Fees" are on account of examination fees levied under the Middle and Special School Scholarship rules. No regular school fees are levied in any of the Local Board schools in the Desert. It is most satisfactory to note that these institutions were maintained despite the scarcity that unfortunately prevailed.

XXI.—Scientific and other Minor Departments.

9. There is an increase of Rs. 692-6-9 under "Garden Receipts" as compared with the last year's figures, which is mainly due to the sale of the Juda Garden for Rs. 500 and partly to the good fruit crop. The sum shown under "Fairs" is on account of shop fees levied at the annual fair of Pir Pithoro in the Khipra Táluka.

XXV.— Miscellaneous.

10. The "Serai Fees" are rents paid by Government servants for occupying quarters built by Local Funds and also the rent of a market at Nagar Párkar. The decrease under this head as compared with the last year's figures is Rs. 65-3-8, which is chiefly owing to a small occupancy price received for the market owing to failure of crops in the Desert. The total Rs. 470-10-11, under "Other Items" is made up as follows :—

	Rs.	a.	p.
1. Compensation received for the Local Fund road along the Mithrau Canal utilized for the bund newly constructed by the Public Works Department	217	12	7
2. Amount refunded by the Executive Engineer, Eastern Nára, as an unexpended balance of the amount sanctioned for the Cháchra Dispensary furniture	9	12	8

7. Recovery of pay drawn in excess by school-masters ...	1	0	6

11. Sale-proceeds of road-side trees	8	2	0
Total ...	470	10	11

XXXII.—Civil Works.

11. The sum of Rs. 45-12-0 represents the contribution paid by Misri Vasan, a zemindár of Sanghar Táluka, for constructing a bridge on the karia crossing the road from Bakhora to Sanghar.

Contributions.

12. The total Rs. 5,752-9-6 under contribution from Provincial to Local is made up as follows :—

	Rs.	a.	p.
1. Primary Education	3,840	5	6
2. Provincial Roads	833	0	0
3. Excise Cess in lieu of	203	0	0
4. Fees for Poisonous Drugs	45	0	0
5. Sand and Quarry Fees	6	4	0
6. Fishery Fees	825	0	0
Total ...	5,752	9	6

As compared with last year's figures there is an increase of Rs. 1,626-2-6 under this head, which is chiefly owing to the cost of constructing new school-houses. The sum of Rs. 66-0-0 is on account of the contribution from the following Municipalities on account of cost of vaccination, which was levied under Government Resolution No. 975, dated 14th March 1891, General Department :—

	Rs.	a.	p.
1. Umarkot	23	0	0
2. Mitti	43	0	0
Total ...	66	0	0

III.—Expenditure.

13. The sum of Rs. 2,118-5-0 under "18. Administration" is the cost of pay and batta to the establishment entertained in the office of the Deputy Commissioner. As compared with the last year's figures there is a decrease of Rs. 861-5-2, which is owing to the abolition of the appointment of the Local Fund overseer during the year under report. The salary was shown under this head, in accordance with the instructions given in Government Resolution No. 5325 of 29th July 1890. The sum of Rs 335-10-1 under the same head is made up as follows:—

		Rs.	a.	p.
1.	Share of establishment in the office of the Commissioner in Sind ...	103	4	3
2.	Do. do. Educational Inspector ...	60	5	10
3.	Do. do. Accountant General ...	172	0	0
	Total ...	335	10	1

22.—Education.

14. The sum of Rs. 110-0-0 under "Training and Special Schools" is on account of pay of the master of the Gadro Technical School. As compared with the last year's figures under "Primary Schools," it will be seen that there is an increase of Rs. 1,876-12-8, which is chiefly due to the opening of the following new schools:—

Hathugo do.
Sonal Bah, Mitti Táluka.
Sufi-jo-Goth, Umarkot Táluka.

11.	Do. Mitti Municipality on account of pay of Dái learning midwifery at Hyderabad ...	180	0	0
	Total ...	3,765	0	0

There is an increase of Rs. 1,572-8-0 under this head, which is chiefly owing to grants being given for the Madrasseh building, the Female Normal School, Hyderabad, and for the Midwifery Scholarship for which the Mitti Municipality, owing to the serious falling off in its receipts, was unable to provide as originally arranged for. Under "Scholarships" the sum of Rs. 1,082-11-11 is on account of the pay of students sent to the Hyderabad Training College and Agricultural Class, and of women sent to the Midwifery School at Hyderabad and on account

of scholarship in primary schools. The sum of Rs. 2,884-0-5 under "Miscellaneous" is composed of the following items:—

26.—Scientific and other Minor Departments.

16. The sum of Rs. 199-14-0 under experimental cultivation was spent in purchasing for distribution seed of the soft white kind of wheat, which is being gradually introduced into the district on account of its superior commercial value. As compared with the last year's figures there is a decrease of Rs. 727-4-7 under this head, which is owing to the large supply of wheat seed given to zamindárs by Government: *vide* their Resolution No. 6588 of 25th September 1891, Revenue Department.

The sum of Rs. 240-11-2 is on account of the half cost of feeding charges of a horse and a donkey stallion. The latter owing to its unpopularity was transferred to the Shikárpur District in August last: *vide* Superintendent, Horse-breeding Operations' No. 939 of 22nd July 1891.

32.—Miscellaneous.

17. The sum of Rs. 693-3-2 is on account of pay to watchmen at dharmshálas, and Rs. 4,781-12-4 under "Other Petty Establishment" represents the expenditure on road-side trees.

45.—Civil Works in charge of Civil Officers.

18. The sum of Rs. 17,579-12-2 has been spent under this head on the following works:—

	Rs.	a.	p.
1. Constructing compound walls round old Hindu temples at Bhodesar in Nagar Táluka used for travellers ...	209	0	0

21.	Do. roads	4,931	8	0
22.	Do. wells and platform below nim trees at Nagar	458	8	0
	Total ...	17,579	12	2

As compared with the last year's figures there is an increase of expenditure of Rs. 1,254-8-0, which is owing to the large number of works having been constructed during the year under report.

Civil Works in charge of Public Works Officers.

The expenditure under this head is Rs. 6,841-3-9, and is incurred on the following works :—

		Rs.	a.	p.
1.	Contribution towards the construction of the road along the Mithrau Canal...	2,394	0	3
2.	Do. do. Thar Canal ...	1,987	15	9

4.	Repairs to dharmshála at Golari	54	1	8
	Total ...	6,841	3	9

There is an increase of Rs. 6,015-15-11 in expenditure as compared with the last year's figures, which is owing to the construction of a dharmshála near the railway station, and also to the construction of roads to facilitate communication with the line of rail.

Contributions to Provincial.

19. The sum of Rs. 8,000 under this head is on account of contribution towards the construction of the Hyderabad-Umarkot Railway.

IV.—SANITATION.

20. In the year under report, 1 tank was improved and 21 wells repaired. The reasons why drainage works and other sanitary improvements are less needed in this and other parts of Sind than elsewhere will be found stated in Sir Charles Pritchard's memorandum to Government, No. 1133, dated 14th September 1888.

I have the honour to be,

Sir,

Your most obedient Servant,

C. E. S. STEELE,

Acting Deputy Commissioner, Thar and Párkar.

No. 169 of 1892-93.

Local Fund Department.

From

H. C. MULES, Esquire,
Acting Deputy Commissioner,
Frontier Upper Sind;

To

H. E. M. JAMES, Esquire, C.S.,
Commissioner in Sind.

Deputy Commissioner's Office,
Jacobabad, 25th May 1892.

Sir,

I have the honour to submit the Annual Administration Report on the working of the Local Boards in the Frontier Upper Sind District for the year 1891-92, together with the statistical tables, I to IV, in the form prescribed by the Government of India, notified under Government Resolution No. 779 of 30th January 1890.

2. The instructions contained in Government Resolutions Nos. 4686 and 3847, dated the 5th July 1890 and 5th June 1891 respectively, have been duly attended to.

3. Statement No. I gives the strength of each Local Board, the number of meetings held, and the average attendance at each.

With regard to the constitution of the Boards, it should be mentioned that the extension of the elective franchise to this district was not considered expedient, owing to its comparatively backward condition; the Boards were therefore constituted under the conditions contained in Government Resolution No. 9547 of 3rd December 1884.

In terms of the notification so issued, the Jacobabad Municipality elects a representative from among its members, and in the other táluka head-quarter towns the Panchayats return a member; for the rest the Boards consist of "*ex-officio*" and nominated members.

4. As regards the number of meetings—of these there seems to have been a sufficiency; the provisions of Section 34 of the Act were also availed of on twelve occasions for the circulation of propositions amongst members of the District Local Board.

5. The business of the Board is practically carried on by the official members; the others do little more apparently than attend meetings and acquiesce in the proposals placed before them, which perhaps is as much as may reasonably be expected of them for the present. The official members have worked satisfactorily.

Statement No. II.

6. On comparison of the closing balances of the Táluka Local Boards in this statement and Statement No. III of the past year, it would appear that balances of Rs. 475-12-2 and Rs. 7,268-3-1 have been specified in the statement against Thul and Kashmor Táluka Local Boards respectively, instead of Rs. 2,024-3-10 and Rs. 9,768-3-1 as shown in Statement No. III of the last year, although the entire balance of the district has not been affected. This is due to the sum of Rs. 2,500 having been transferred last year after the submission of the annual report from the Táluka Local Board, Kashmor, to that of Thul, in order to make up the deficient balances of the latter.

7. The headings in this statement are so comprehensive that little seems called for in the way of comment. It may be explained, however, that the sum of Rs. 52-15-4 shown under "Veterinary Receipts" represent the hire of the Government stallions working at the municipal well in Jacobabad.

8. The sum of Rs. 10,074-5-0 shown under "Contributions" is composed of the following items:—

	Rs.	a.	p.
Government grant on account of the Provincial roads ...	3,429	0	0
Do. do. in lieu of one-anna cess on excess revenue	1,732	0	0
Do. do. to schools	1,558	0	0
Do. do. school buildings	178	8	0
Do. do. fishery receipts	1,371	13	0
Contribution by the Jacobabad Cantonments on account of repairs to road round about Jacobabad... ...	1,000	0	0
Contribution from private persons for construction of their water-courses	805	0	0
Total ...	10,074	5	0

9. The income of the year from all sources was Rs. 46,623-5-3 as against Rs 60,182-2-9 in the preceding year, which, when added to the closing balance of the last year (Rs. 26,222-5-9), gave a total of Rs. 72,845-11-0.

10. An appreciable decrease of Rs. 5,577-13-0 is noticeable under "Local Rate;" this is due to the crops having been greatly injured by locusts and other insects.

There was a decrease of Rs. 1,157-6-10 under "XVII.—Police" as compared with the figures of the last year. The reason is that fewer cattle were seized during the year, the people having emigrated from the country on account of the destruction of their crops.

There was also a decrease of Rs. 6,455-1-0 under contributions as compared with the last year's figures, and this is attributable to the following causes:—

(1) Rs. 4,500 on account of grants from Government and the Shikárpur District Local Board towards the Sind Horse Show, this show having been held at Shikárpur during the year.

(2) Rs. 2,571 on account of building grants to schools.

11. It will be noticed that, in column "Total Income excluding opening balances" against the Kashmor Táluka, a sum of Rs. 912-3-11 only is shown; this is due to a larger share of District Local Board charges having been retained from the receipts of the táluka, owing to there being a larger balance at its disposal, and the Thul Táluka Local Board not being in a position to bear its share of such charges.

Statement No. III.

12. The following details are explanatory of such of the items in Statement No. III as stand in need of further elucidation:—

Administration.

Office.	Amount.			Remarks.

13. The items comprised under the head of "Grants-in-aid and Scholarships" are as follows:—

Scientific and other Minor Departments.

14. The figures under this head represent, it may be noted, $\frac{2}{3}$ths of the expenditure incurred on the feed and keep of the horse and donkey stallions in this district,—an exception in the proportion of the charges sanctioned by Government in terms of their Resolution No. 4613, dated the 11th July 1888.

15. In all there are 7 horse, 1 pony and 6 donkey stallions maintained, and their services are fully availed of.

Civil Works.

16. The principal works undertaken by Civil officers consist of the construction of a musafir landhi at Dádápur in the Jacobabad Táluka at a cost of Rs. 317, of a school landhi at Beluchabad costing Rs. 80. Additions to the school-house at Mirpur were carried out at an outlay of Rs. 104.

17. The sum of Rs. 600 was spent on the sinking of wells. Rs. 112-4-5 were paid during the year on the completion of the well, the construction of which was undertaken last year.

18. The works carried out by Public Works agency consisted chiefly of bridges, in the construction of which professional skill was required. Rs. 1,671-14-8 were expended in this way. In the budget estimate for the year Rs. 7,534 were sanctioned for works of the kind; but, anticipating a great reduction in the revenue on account of the destruction of crops, all such and other works were held in abeyance.

19. The entire expenditure of the year exceeded the income by Rs. 3,570-11-5; the excess was met from the balances of the previous years, which even so remain at no less a figure than Rs. 22,651-10-4.

20. During the time I have been in charge I have been well satisfied with the manner in which the account duties have been carried out in my office by my Local Fund Accountant, Mr. Narainsing.

I have the honour to be,

Sir,

Your most obedient Servant,

H. C. MULES,

Acting Deputy Commissioner, Frontier Upper Sind.

NOTE.—The difference between the figures entered in column "closing balance of last year" and those shown at pages 1091, 1005, 1001 and 1115 of the *Bombay Government Gazette*, 1891, Part III, is due to the sums noted in the margin, having been added to the closing balance as per orders contained in para. 3 of Government Resolution No. 5543, dated 7th July 1892. These sums were advances under Section 50 of the Local Boards Act and were shown last year as debit balance under debt account. As regards Thána the difference is due to the above reason and to the exclusion of the figures of the Karjat Táluka transferred to the Kolába District. APPENDIX V—*continued.*

No.	Name of Road.	Original Cost.	Mileage.	Remarks by the Executive Engineer as to the present condition of the road, &c., &c.
	Bijápur District—continued.	Rs.	Miles.	
9	Sholápur-Bellári Road (portion from Halsangi to Hungund).	Not known .	92½	These are fair-weather roads They have been in charge of Public Works Department for maintainance since 1890-91. Before that they were maintained by the Local Board. These roads require extensive repairs to make them passable at all seasons. However, the nullah crossings, which are not in proper order, are being improved so far as the funds admit.
10	Almel-Pandharpur Road (portion from Almel to Sirdhon).	Do. ...	48	
11	Hippargi-Tálikot Road ...	Do. ...	30	Do. do. During the year 1892-93 this road will not be repaired by the Public Works Department.
			325	
	Dhárwár District.			
1	Navalgund-Annigeri Road ...	1,10,226	11½	Metalled throughout, and in good order. Three unbridged streams sometimes give a little trouble.
2	Navalgund-Ron Road ...	1,49,007	28	A fair-weather road only, unbridged as to the large streams, and muramed for only 20 miles.
3	Másur-Mundargi Road ...	32,248	47	A fair-weather road, misnamed. From Másur to Guttál the road is made or being made. North of Guttál towards Mundargi, a distance of 25 miles, there is no road at all, nor is a road likely to be made for many years. Just outside Mundargi the road is made for 7 miles only, in the direction of Guttál.
4	Pála-Bádámi Road ...	1,45,070	78	This also is a too ambitiously named road. From Pála to Bankápur (19 miles), it is a good muram road, bridged throughout. From Bankápur to Yelvigi (14 miles), the road is bridged and metalled in the portions within British Territory, but there are bad breaks in the Native States of Sávanur and Miraj Junior. From Yelvigi, the road is through Native States for a length of 15 miles, and is fair in places and indifferent in others. Near Mulgund, where British Territory is again entered, there is a break of 7 miles of unmade road to Harti. From Harti to the Bádámi frontier (37 miles), the road is fair, but unbridged and heavy in the rains. During the year 1891-92, the improvements sanctioned by the District Board in 1887 for the portion between Gadag and Kot-Umachgi (14 miles) were completed, but there is much room still for improvements. The work done so far is all good, consisting of laying a muram surface and making up the nullah crossings with proper approaches and metalled roadway.

RESOLUTION.—The general constitution of the Local Boards remained unchanged during the year, and it is not considered advisable to extend the franchise to the districts of Panch Mahâls, Thar and Párkar, and Upper Sind Frontier or to the tálukas in Kánara and Násik from which it has been up to the present withheld. In several Boards the number of members has increased owing to the establishment of new Municipalities or growth of population in old municipal districts, and in the Karáchi and Thar and Párkar Districts three new Táluka Local Boards were formed in localities where formerly there was only one Board for two tálukas. Some improvement is noticeable in the attendance generally, and it is satisfactory to find that in Khándesh, Násik, and Sholápur in Central Division the non-official members are taking more interest in the [illegible] the Northern Division there was a falling off in the attendance of [illegible]bers in Ahmedabad and Broach, but in Surat and Thána the [illegible]. In the Southern Division the most noteworthy feature [illegible]t in Kánara. The percentage of voters who availed themselves in Ratnágiri was very low. The requisite number of [illegible] each case.

[illegible]e and opening balances of the Boards are shown in the

	Opening Balance.	Income.	Total.
	Rs.	Rs.	Rs.
[illegible]rn Division	7,86,152	12,92,169	20,78,321
[illegible]l „	7,74,156	14,32,382	22,06,538
[illegible]ern „	8,39,912	10,88,797	19,28,709
... ...	4,99,542	8,05,350	13,04,892
Total ...	28,99,762	46,18,698	75,18,460

In the Northern Division the income of the Boards was greater by Rs. 92,806 than in the previous year. The increase occurred chiefly under the heads Civil Works and Contributions from Provincial on account of water-supply, schools, &c. Cattle-pound fees also rose on account of the doubling of the rates in some localities where protective action was necessary. In the Central Division revenue increased by Rs. 1,16,347: the variations under some of the heads are very large and should have been noticed by the Commissioner whose report might have gone into more detail as regards the more important items. The introduction of revision settlements has no doubt raised the receipts from Provincial Rates, and under Education a larger grant was made by Government. The transfer of the proceeds of road tolls from Contributions to Civil Works has caused an increase of about Rs. 1,57,000 under the latter head, but the decrease under the former head is only Rs. 82,123, and the additional contribution to which this result is due should have been referred to. In the Southern Division the net increase is Rs. 68,832 attributable partly to the transfer of the Karjat Táluka from the N. D., but chiefly to larger grants from Provincial Funds for schools, roads, and sanitation. The Commissioner has explained the fluctuation in detail in his report, and this has also been done in the case of Sind. No changes in classification have been proposed. It is observed, however, that in Statement II for the Central Division Government grants in aid of education are credited wholly or partly under 'XIX. Education,' while in the other Divisions they are credited under Contribution. For the sake of uniformity the latter procedure should be adopted, and in the sub-head (Contribution) under Education should be entered donations received other than those from Provincial Funds. It will add to the interest of the report if in future Government grants are shown under their appropriate headings as was done in paragraph 10 of the Southern Division report for the year under review.

3. The expenditure and closing balances are as follows:—

	Expenditure.	Closing Balance.
	Rs.	Rs.
Northern Division	11,85,318	8,93,004
Central „	13,17,364	8,89,173
Southern „	11,62,407	7,66,302
Sind	8,55,652	4,49,240
Total ...	45,20,741	29,97,719

The expenditure has increased, but in the Northern and Central Divisions the closing balances are larger than in 1890-91, and in many cases exceed what it is necessary to keep. The question has, however, been separately dealt with. Large reductions will no doubt be observed in future years. The item referred to in the first clause of paragraph 19 of the report of the Commissioner should not have been entered under Contribution to other Boards, as was done in the Sátára Division. It is not understood why the head '33. Famine Relief' was opened in the Sátára. The expenditure should have been classed under the proper Civil Works heads.

4. The amounts spent on the improvement of water-supply are shown below and compared with those of the previous year:—

	1890-91.	
	Rs.	
Northern Division	1,48,277	1,5
Central „	82,627	1,21
Southern „	71,820	1,28
Sind	24,523	16,
Total ...	3,27,247	4,24,0

In the Presidency proper the increase in expenditure is satisfactory, and shows that the Boards have responded to the encouragement given them by Government in the shape of a special grant for the improvement of village water-supply, and are endeavouring to carry out their duty in respect of this important subject; in Sind the natural conditions make it of less importance. As regards the expenditure on other sanitary works, which was small, the reports show that a steady advance in some respects is being made, but having regard for the well-known needs of the people in the matter of medical aid, and on the other hand for the very large balances to the credit of the Local Boards of the Presidency proper and of Sind, which, it may be remarked, exceed the compulsory minimum balance of the Provincial Government, His Excellency in Council cannot regard with satisfaction the trifling grants that are made towards the provision of medical aid, and he trusts that the subject may receive the consideration it deserves.
